

GOVERNMENT MODEL VARIABLE POWER RECOIL SPRING - 20 LB. WOLFF VARIABLE POWER SPRING FOR GOVT. MODEL

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. Recoil Calibration Pak contains 1 each of seven different springs; 16½ lb., 15 lb., 14 lb., 13 lb., 11 lb., 10 lb. and 9 lb., plus three extra power firing pin springs. Individual Spring Pak contains one variable power recoil spring and one extra power - firing pin spring. Factory weight is 16 lb.

Safety Instruction Guide for the Wolff Variable Power Recoil Spring 20 lb. for Government Model

Introduction

Thank you for choosing the Wolff Variable Power Recoil Spring 20 lb. for your Government Model firearm. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this document carefully before installation and use.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure the firearm is unloaded before installing or handling the recoil spring.
- Use only compatible models as specified. This spring is designed for Government Model 1911 firearms.
- Store the recoil spring and all firearm accessories in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the recoil spring for signs of wear or damage before each use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is in a safe condition before performing any modifications or installations.
- Wear safety glasses during installation to protect your eyes from potential spring recoil.
- Keep hands and fingers clear of the spring's path during installation and removal.
- Do not exceed the recommended power specifications for your firearm, as this may lead to malfunction or injury.
- If you are inexperienced with firearm maintenance, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Preparation

- Ensure the firearm is completely unloaded.
- Gather necessary tools: a punch tool and a hammer.

2. Removing the Old Recoil Spring

- Disassemble the firearm according to the manufacturer's instructions.
- Locate the recoil spring and guide rod.
- Use the punch tool to carefully remove the old recoil spring from the guide rod.

3. Installing the New Recoil Spring

- Take the new Wolff Variable Power Recoil Spring and inspect it for any visible damage.
- Slide the new recoil spring onto the guide rod, ensuring it is seated properly.
- Reassemble the firearm according to the manufacturer's instructions.

4. Testing the Installation

- Once reassembled, perform a function check to ensure the firearm operates correctly.
- Test the firearm in a safe and controlled environment, ensuring all safety protocols are followed.

Disposal Instructions

- Dispose of the old recoil spring and any packaging materials responsibly.
- Follow local regulations for the disposal of metal and plastic materials.
- Do not discard the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Wolff Variable Power Recoil Spring, please refer to the manufacturer's contact details provided with the product packaging. It is essential to have access to proper support for any safety inquiries.

By following these guidelines and instructions, you will ensure a safe and effective experience with your Wolff Variable Power Recoil Spring. Always prioritize safety and seek professional assistance when needed. Thank you for your attention to these important safety measures.
