

COLT COMMANDER VARIABLE POWER RECOIL SPRING - 12 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. All springs are variable power. 18 lb. spring is factory standard; includes extra power firing pin spring.

Safety Instruction Guide for COLT COMMANDER VARIABLE POWER RECOIL SPRING 12 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER

Introduction

Thank you for choosing the COLT COMMANDER VARIABLE POWER RECOIL SPRING 12 LB. manufactured by WOLFF. This product is designed to enhance the performance of your Colt Commander firearm. To ensure safe operation and handling, please read and follow the instructions and safety guidelines outlined in this document.

General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Use appropriate protective gear, including eye and ear protection, when handling firearms.
- Store the recoil spring and all firearm components in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your recoil spring for signs of wear or damage.

Specific Safety Precautions for Use

- Only use the recoil spring with the Colt Commander model.
- Ensure that the recoil spring is compatible with your specific firearm model.
- Do not modify the recoil spring or use it in conjunction with other noncompatible parts.
- Be cautious of the spring's tension; a 12 lb. spring may require more force to compress compared to lighter springs.
- Always follow the manufacturer's guidelines for installation and usage.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a punch tool and a bench vice (if needed).

2. Installation:

- Remove the slide from the frame of the Colt Commander.
- Remove the old recoil spring by carefully compressing it and sliding it out of the guide rod.
- Insert the new 12 lb. Wolff Variable Power Recoil Spring onto the guide rod.
- Ensure that the spring is seated properly and aligned with the guide rod.

3. Reassembly:

- Reattach the slide to the frame, ensuring all components are properly aligned.
- Test the action of the slide to ensure smooth operation.
- Perform a function check to verify that the firearm operates correctly.

4. Usage:

- When using the firearm, monitor the performance of the recoil spring. If you notice excessive wear

or malfunction, discontinue use and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations.
- Do not dispose of the recoil spring in regular household waste.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any inquiries regarding the safety and performance of the COLT COMMANDER VARIABLE POWER RECOIL SPRING 12 LB., please refer to your local retailer or the manufacturer's website for further assistance.

By following these safety instructions, you will ensure not only your safety but also the optimal performance of your Colt Commander firearm. Always prioritize safety and responsible handling when using firearms.
