

# COLT COMMANDER VARIABLE POWER RECOIL SPRING - 14 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. All springs are variable power. 18 lb. spring is factory standard; includes extra power firing pin spring.

14 lb. Wolff Variable Power Spring for Colt Commander

## Attributes

# **Safety Instruction Guide for COLT COMMANDER VARIABLE POWER RECOIL SPRING 14 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER**

## **Introduction**

Thank you for choosing the Wolff Variable Power Spring for your Colt Commander. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before installation and usage.

## **General Safety Guidelines**

- Ensure that the product is suitable for your specific model of Colt Commander before use.
- Always handle the recoil spring with care, as improper handling may lead to injury.
- Store the recoil spring in a safe place, out of reach of children and pets.
- Regularly inspect the recoil spring for any signs of wear or damage before each use.
- Follow all local laws and regulations regarding firearm accessories.

## **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, including eye protection, when handling firearms and related components.
- Never attempt to modify the recoil spring or use it in a manner not intended by the manufacturer.
- Be aware of your surroundings when using firearms equipped with this recoil spring to prevent accidents.
- Ensure the firearm is unloaded before installing or replacing the recoil spring.
- Keep hands and fingers clear of the spring's tension area during installation and removal.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, such as a punch tool or similar device.

### **2. Installation:**

- Remove the slide from the Colt Commander according to the manufacturer's instructions.
- Locate the recoil spring assembly and remove the old spring if applicable.
- Install the Wolff Variable Power Spring by aligning it with the recoil spring guide and securing it in place.
- Reassemble the slide onto the frame of the firearm, ensuring all components are properly seated.

### **3. Usage:**

- Test the functionality of the firearm in a safe and controlled environment after installation.
- Monitor the performance of the recoil spring during use; if any issues arise, discontinue use immediately.

## **Disposal Instructions**

- Dispose of the recoil spring responsibly. Do not throw it in regular household waste.
- Check local regulations for proper disposal methods of firearm components.

- If the spring is damaged or no longer usable, consider recycling it at a designated facility if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the Wolff Variable Power Spring, please reach out to the manufacturer or refer to the product documentation.

## **Conclusion**

Your safety and the safety of others is paramount when using firearm accessories. By following these guidelines, you can ensure a safe and enjoyable experience with your Colt Commander Variable Power Recoil Spring. Always stay informed about the latest safety practices and regulations in your area.
