

# COLT COMMANDER VARIABLE POWER RECOIL SPRING - 16 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. All springs are variable power. 18 lb. spring is factory standard; includes extra power firing pin spring.

## Attributes

- Name: [16 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER](#)
- Manufacturer: [WOLFF](#)
- Product no.: 969425160

# **Safety Instruction Guide for COLT COMMANDER VARIABLE POWER RECOIL SPRING 16 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER**

## **Introduction**

Thank you for choosing the COLT COMMANDER VARIABLE POWER RECOIL SPRING 16 LB. manufactured by WOLFF. This product is designed to enhance the performance of your firearm by providing variable power for improved cycling and reduced wear. To ensure safe and effective use, please read this safety instruction guide carefully.

## **General Safety Guidelines**

- Always handle firearms with care and in accordance with established safety practices.
- Ensure that the recoil spring is compatible with your specific model of the Colt Commander.
- Be aware of potential hazards associated with improper use or installation of recoil springs.
- Regularly inspect the recoil spring for signs of wear or damage before each use.
- Store all firearm components, including springs, in a secure location away from children and unauthorized users.
- Follow local laws and regulations regarding firearm modifications and accessories.

## **Specific Safety Precautions for Use**

- Ensure that the firearm is unloaded before installing or replacing the recoil spring.
- Wear safety glasses when handling or working on your firearm to protect your eyes from debris.
- Do not attempt to modify the recoil spring or use it in a manner not intended by the manufacturer.
- If you experience any malfunctions while using the recoil spring, cease use immediately and consult a qualified gunsmith.
- Keep your hands and face clear of the action area during cycling to avoid injury.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver and a spring compression tool if required.

### **2. Installation:**

- Remove the slide from the frame of the Colt Commander according to the manufacturer's instructions.
- Carefully remove the old recoil spring from the guide rod.
- Place the new COLT COMMANDER VARIABLE POWER RECOIL SPRING onto the guide rod, ensuring it is seated properly.
- Reassemble the slide onto the frame, ensuring all components are aligned correctly.

### **3. Usage:**

- After installation, cycle the action manually to ensure smooth operation.
- Test the firearm in a safe and controlled environment to verify proper function.
- Monitor performance and check for any unusual sounds or malfunctions during operation.

## **Disposal Instructions**

- Dispose of old recoil springs and any packaging materials in accordance with local waste disposal regulations.
- Do not discard springs in a manner that could pose a safety risk to others, especially children.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the COLT COMMANDER VARIABLE POWER RECOIL SPRING, please refer to the manufacturer's contact information provided with your product packaging or visit their official website for additional resources.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your COLT COMMANDER VARIABLE POWER RECOIL SPRING. Thank you for your attention to safety.
