

COLT COMMANDER VARIABLE POWER RECOIL SPRING - 18 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Variable rate springs function correctly with a wider range of loads than fixed rate springs can. Rate increases as spring is compressed; gives greater protection against frame battering, more consistent lockup and improved feeding, while allowing easier manual cycling of the action. All springs are variable power. 18 lb. spring is factory standard; includes extra power firing pin spring.

18 lb. Wolff Variable Power Spring for Colt Commander

Attributes

- Name: [18 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER](#)
- Manufacturer: [WOLFF](#)

Safety Instruction Guide for COLT COMMANDER VARIABLE POWER RECOIL SPRING 18 LB. WOLFF VARIABLE POWER SPRING FOR COLT COMMANDER

Introduction

Thank you for choosing the COLT COMMANDER VARIABLE POWER RECOIL SPRING 18 LB. by Wolff. This guide provides essential safety information and instructions to ensure the safe and effective use of your recoil spring. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model, the Colt Commander.
- Always follow the manufacturer's recommendations for installation and use.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the recoil spring for signs of wear or damage.
- If you experience any issues or have concerns about the product, discontinue use immediately and seek advice.

Specific Safety Precautions for Use

- Only use the recoil spring with the Colt Commander model.
- Do not modify or alter the recoil spring in any way.
- Ensure that the firearm is unloaded before performing any maintenance or installation.
- Wear appropriate safety gear, such as eye protection, during installation and testing.
- Be aware of your surroundings and ensure that you are in a safe environment when handling firearms.

Instructions for Installation and Usage

1. Preparation

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather necessary tools, including a screwdriver and any other tools recommended by the firearm manufacturer.

2. Installation

- Remove the slide from the Colt Commander according to the manufacturer's instructions.
- Locate the recoil spring assembly and carefully remove the old spring.
- Install the new Wolff Variable Power Spring by following these steps:
 - Align the spring with the guide rod.
 - Ensure the spring is seated properly in the assembly.
 - Reattach the slide to the firearm, ensuring all components are secure.

3. Testing

- After installation, conduct a function check to ensure that the firearm operates correctly.
- Test fire in a safe and controlled environment, ensuring proper function before regular use.

4. Maintenance

- Regularly inspect the recoil spring for any signs of wear or damage.

- Clean the recoil spring as necessary, following the manufacturer's guidelines for cleaning and maintenance.

Disposal Instructions

- Dispose of any old or damaged recoil springs in accordance with local regulations.
- Do not dispose of the product in regular household waste; consider recycling options if available.

Contact Information for Further Support

For any inquiries regarding this product, please refer to the manufacturer's contact details provided with the product packaging or visit the official website for support.

Thank you for prioritizing safety and responsible use of your COLT COMMANDER VARIABLE POWER RECOIL SPRING 18 LB. by Wolff.
