

TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS - 10 LB. SPRING, ONLY

[Handgun Parts](#) > [Recoil Parts](#) > [Recoil Springs](#)

Fine Tune For Light, Standard Or Heavy Loads

Like all Wolff springs, these for the 1911 Auto in .45, .38 Super or 9mm are the finest, most reliable, longest lasting ones available. The springs of choice for most of the nation's top builders. Except where noted, all recoil springs are supplied with an extra power firing pin spring that keeps the firing pin stop in place and prevents firing pin float ; an addition recommended by pistolsmith Bill Wilson. TYPE A - For Target (Softball) Loads were originally recommended to us by Major F. B. Conway, U.S.A. - M.T.U. Whenever lighter than standard bullets or powder charges are being used, a lighter recoil spring is a must for correct functioning; however, they **MUST NOT BE USED WITH STANDARD (HARDBALL) LOADS**. The 10 lb. Type A spring is the old favorite (for reduced loads) and for that reason we also make it available as a single item (without the extra power firing pin spring).

Attributes

- Name: [10 LB. SPRING, ONLY](#)
- Manufacturer: [WOLFF](#)
- Product no.: 969950500
- Mfr. No.: 95050
- Make: 1911

Consumer Safety Instruction Guide for TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS 10 LB. SPRING

Introduction

Thank you for choosing the TYPE A RECOIL SPRING FOR TARGET (SOFTBALL) LOADS 10 LB. SPRING from WOLFF. This guide provides essential safety instructions and information for the proper use of this product. Please read this guide carefully to ensure safe and effective use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the recoil spring for wear or damage before use.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- This recoil spring is designed specifically for target (softball) loads and should not be used with standard (hardball) loads.
- Use only the recommended lighter bullets or powder charges when using this spring.
- Failure to follow these guidelines may result in malfunction or damage to your firearm.
- Always wear appropriate safety gear, including eye protection, when handling firearms.
- Ensure that the firearm is unloaded and pointed in a safe direction when installing or replacing the recoil spring.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather necessary tools for installation, if required.

2. Installation:

- Remove the old recoil spring from the firearm according to the manufacturer's instructions.
- Inspect the new TYPE A recoil spring for any visible defects before installation.
- Install the new recoil spring by following these steps:
 - Align the spring with the recoil spring guide.
 - Compress the spring gently and insert it into the designated area.
 - Ensure that the spring is seated correctly and securely.

3. Usage:

- Use the firearm only with target (softball) loads as specified.
- Regularly check the performance of the recoil spring during use.
- If any issues arise, discontinue use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the recoil spring in accordance with local regulations.
- Do not dispose of the recoil spring in regular household waste.
- Contact your local waste disposal facility for guidance on safe disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding this product, please refer to the manufacturer's contact details provided with your purchase.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
