Caldwell Ballistic Precision Target Camera System

Safety Instructions

Introduction

Thank you for choosing the Caldwell® Ballistic Precision Target Camera System. This product is designed to enhance your shooting experience by allowing you to view live streaming HD video, take pictures, record video, and calculate your group size all from your smartphone or tablet. Please read this safety instruction guide carefully to ensure safe and effective use of the system.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always be aware of your surroundings when using the target camera system.
- Keep the camera system out of reach of children and vulnerable individuals.
- Regularly inspect the camera system for any signs of damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about potential recalls on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the camera system in adverse weather conditions, such as heavy rain or strong winds.
- Ensure the camera is securely mounted to prevent it from falling or being damaged.
- Avoid looking directly into the camera lens while it is recording.
- Do not attempt to disassemble or modify the camera system.
- Use only the power supply provided with the product to avoid electrical hazards.
- Make sure the camera system is positioned at a safe distance from shooting activities.

Instructions for Installation and Usage

1. Unboxing the Product

- Carefully open the packaging and remove the camera system and all included accessories.
- Check for any visible damage or missing parts.

2. Installation

- Choose a suitable location for mounting the camera where it has a clear view of the target area.
- Use the provided mounting hardware to securely attach the camera to a stable surface.
- Ensure the camera is level and properly aligned with the target.

3. Powering On

- Connect the power supply to the camera system and plug it into a standard electrical outlet (220V).
- Press the power button to turn on the camera system.

4. Connecting to Your Device

- Download the compatible app for your smartphone or tablet from the app store.
- Follow the app instructions to connect your device to the camera system via WiFi.
- Ensure that your device is within range of the camera's WiFi signal.

5. Using the Camera System

- Once connected, you can access features such as live streaming, picture taking, and video recording through the app.
- Familiarize yourself with the app interface and settings for optimal use.
- Always monitor the camera feed while shooting to ensure safety.

6. Shutting Down

- After use, power off the camera system using the power button.
- Disconnect the power supply if the camera will not be used for an extended period.

Disposal Instructions

- Dispose of the camera system and its components in accordance with local regulations.
- Do not dispose of electronic devices in regular household waste.
- Check for designated electronic waste recycling programs in your area.

Contact Information for Further Support

For any inquiries regarding safety, usage, or technical support, please refer to the contact information provided in the product packaging or on the manufacturer's website.

Thank you for following these safety instructions. Enjoy using your Caldwell® Ballistic Precision Target Camera System responsibly and safely!
