

# Duramax Self Healing Targets - Duramax 5" Target Square

[Shooting Accessories](#) > [Targets & Accessories](#) > [Other Targets](#)

The Caldwell® Duramax Self Healing Targets are made of ballistic polymer for maximum durability. The targets are self-healing and can be shot thousands of times. The Duramax self healing targets are rated for pistols or rifles from .22lr all the way up to 50 BMG. These reactive targets bring a whole new level of fun to the range. Watch them bounce, roll spin and flip when hit.

# Caldwell Duramax Self Healing Targets Safety Instruction Guide

## Introduction

Thank you for choosing the Caldwell® Duramax Self Healing Targets. These targets are designed for maximum durability and fun at the shooting range. This guide provides essential safety instructions to ensure a safe and enjoyable experience while using the Duramax targets. Please read and follow these instructions carefully.

## General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Ensure you are in a safe environment when using targets, such as a designated shooting range.
- Always wear appropriate eye and ear protection when shooting.
- Keep a safe distance from others while shooting.
- Do not shoot at targets that are not designed for your firearm caliber.
- Regularly inspect targets for damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- The Duramax targets are rated for use with pistols or rifles from .22lr to .50 BMG. Ensure your firearm is within this range.
- Do not use the targets if they show signs of excessive wear or damage.
- Ensure that the targets are securely positioned and stable before shooting.
- Avoid shooting at the targets from distances closer than recommended (minimum of 10 yards).
- Keep bystanders at a safe distance while engaging with the targets.
- Do not attempt to modify or repair the targets yourself.

## Instructions for Installation and Usage

### Installation

1. Choose a suitable location for your targets, ensuring it is a safe shooting area.
2. Position the targets on a stable surface or mount them securely.
3. Ensure that the targets are visible and adequately illuminated for shooting.

### Usage

- Before shooting, verify that your firearm is in good working condition.
- Load your firearm with the appropriate ammunition for the targets.
- Stand at a safe distance (minimum of 10 yards) from the targets.
- Aim carefully and shoot at the targets, observing all safety guidelines.
- After shooting, inspect the targets for any damage or wear before further use.

## Disposal Instructions

- Dispose of any damaged targets in accordance with local regulations.
- Do not burn or incinerate the targets, as they are made of ballistic polymer.
- Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the Caldwell Duramax Self Healing Targets, please contact the appropriate EUbased contact point. It is essential to have a reliable source for assistance with product safety.

## **Conclusion**

Your safety is our priority. By following these guidelines and precautions, you can enjoy a safe and fun shooting experience with the Caldwell Duramax Self Healing Targets. Always stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for your attention to safety.
