

# Patch Trap

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Patch Collectors](#)

Cleaning the barrel on your rifle, shotgun or muzzleloader can be a messy choir. Solvent splatter, drips and dirty patches always seem to end up where you don't want them. Strong solvents and powder residue can stain clothes and work surfaces. The Tipton® Patch Trap™ puts an end to the mess.

# Tipton Patch Trap Safety Instruction Guide

## Introduction

Thank you for choosing the Tipton Patch Trap. This product is designed to help you clean the barrel of your rifle, shotgun, or muzzleloader without the mess associated with traditional cleaning methods. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

To ensure safe use of the Tipton Patch Trap, please follow these general safety guidelines:

- Always use the product according to the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use in a wellventilated area to avoid inhaling fumes from solvents.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when using cleaning solvents.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

When using the Tipton Patch Trap, please take the following precautions:

- Ensure that firearms are unloaded before cleaning.
- Never point the firearm at yourself or others while cleaning.
- Avoid contact with solvents and cleaning agents. Follow the manufacturer's instructions on the use of solvents.
- Do not use the product for any purpose other than intended.
- Be cautious of solvent splatter and drips. Use a protective surface to avoid staining.
- Dispose of used patches and cleaning solvents properly according to local regulations.

## Instructions for Installation and Usage

Follow these steps for proper installation and usage of the Tipton Patch Trap:

### 1. Setup:

- Place the Tipton Patch Trap on a stable, flat surface.
- Ensure that the area is wellventilated.

### 2. Loading the Patch:

- Insert a cleaning patch into the designated slot of the Patch Trap.
- Ensure the patch is secure and properly positioned.

### 3. Applying Solvent:

- Apply the appropriate cleaning solvent to the patch according to the manufacturer's instructions.
- Avoid oversaturating the patch to prevent excessive dripping.

### 4. Cleaning the Barrel:

- Insert the cleaning rod into the firearm's barrel.

- Gently push the rod through the barrel, allowing the patch to clean the interior.
- Repeat the process as needed, replacing the patch as it becomes dirty.

#### **5. PostCleaning:**

- Dispose of used patches and any leftover solvent in accordance with local disposal regulations.
- Clean the Tipton Patch Trap after use to maintain its effectiveness.

## **Disposal Instructions**

To dispose of the Tipton Patch Trap and its components:

- Follow local regulations for the disposal of cleaning solvents and used patches.
- If the product is no longer functional, dispose of it in accordance with your local waste management guidelines.
- Do not incinerate or expose the product to extreme heat.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Tipton Patch Trap, please contact the manufacturer or refer to the product packaging for EUbased contact information.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Tipton Patch Trap. Always prioritize safety and report any concerns to the appropriate authorities. Thank you for your attention to these important guidelines.
