

Delta Series AR Receiver Lapping Tool - Delta Series AR 15 Receiver Lapping Tool

[Gunsmith Tools](#) > [Rifle Tools](#) > [Receiver Tools](#)

Lapping a receiver ensures a perfectly square and true surface for the barrel to mate against, thus enhancing accuracy. Upper receiver/barrel alignment is critical to accuracy. Also, honing the surface can produce optimal positioning of the barrel nut so ideal torque can be achieved along with proper gas tube hole alignment. Use with a battery powered or electric drill to square the receiver face on an AR-15. Helps align the gas tube through the barrel nut holes, helps align front and rear A2 style sights.

Wheeler Delta Series AR Receiver Lapping Tool

Safety Instructions

Introduction

Thank you for choosing the Wheeler Delta Series AR Receiver Lapping Tool. This tool is designed to ensure a perfectly square and true surface for your AR15 barrel. Proper use of this tool enhances accuracy and ensures optimal barrel and receiver alignment. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always read and understand the instructions before using the tool.
- Ensure the tool is used in a wellventilated area.
- Keep the tool out of reach of children and vulnerable individuals.
- Inspect the tool for any damage before use. Do not use if damaged.
- Wear appropriate personal protective equipment, including safety glasses and gloves.
- Be aware of your surroundings and ensure that no one is in the immediate area when using the tool.

Specific Safety Precautions for Use

- Use the tool only with a batterypowered or electric drill as specified.
- Ensure the drill is set to the correct speed for lapping to avoid overheating.
- Do not apply excessive force while using the tool; let the tool do the work.
- Keep hands clear of moving parts to avoid injury.
- Do not use the tool for any purpose other than its intended use.
- If you experience any discomfort or unusual sensations while using the tool, stop immediately and consult a professional.

Instructions for Installation and Usage

1. Preparation:

- Ensure the AR15 is unloaded and clear of any ammunition.
- Secure the upper receiver in a vice or a stable work surface to prevent movement.

2. Using the Lapping Tool:

- Attach the Wheeler Delta Series AR Receiver Lapping Tool to the drill.
- Align the tool with the receiver face, ensuring it is square and centered.
- Start the drill at a low speed and gradually increase as needed.
- Gently apply pressure to the tool, allowing it to lap the receiver surface.
- Periodically check the surface to ensure it is being lapped evenly.
- Once complete, clean the receiver face to remove any debris.

3. PostUsage:

- Inspect the lapped surface for any imperfections.
- Store the tool in a safe and dry place when not in use.

Disposal Instructions

- Dispose of the tool in accordance with local regulations.
- Do not dispose of the tool in regular household waste.
- Consider recycling the tool if possible, or return it to the manufacturer for proper disposal.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the Wheeler Delta Series AR Receiver Lapping Tool, please refer to the manufacturer's contact information provided with the product packaging or on the official website.

By following these safety instructions, you can ensure a safe and effective experience while using the Wheeler Delta Series AR Receiver Lapping Tool. Thank you for prioritizing safety and accuracy in your firearm maintenance.
