# Wheeler Delta Series AR Receiver Lapping Tool Safety Instructions

## Introduction

Thank you for purchasing the Wheeler Delta Series AR Receiver Lapping Tool. This tool is designed to help you achieve a precise fit between the receiver and barrel of your firearm, enhancing accuracy and performance. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the tool in a wellventilated area.
- Keep the tool out of reach of children and pets.
- Wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the tool.
- Inspect the tool for damage before each use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and maintenance.

## Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and the chamber is clear before starting any work.
- Use the tool only for its intended purpose as described in this manual.
- Do not apply excessive force when lapping, as this can damage the receiver or barrel.
- Use the provided 220 grit lapping compound only. Other compounds may cause damage.
- Avoid inhaling dust generated during lapping. Use a dust mask if necessary.
- Store the tool and lapping compound in a secure location after use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and the workspace is clean and organized.
- Gather all necessary tools and safety equipment.

### 2. Applying Lapping Compound:

- Apply a small amount of the provided 220 grit lapping compound to the surfaces of the receiver and barrel that will be lapped.

### 3. Using the Lapping Tool:

- Insert the lapping tool into the receiver.
- Rotate the tool gently, applying even pressure. Do not use excessive force.
- Continue lapping until a smooth and even surface is achieved. This may take several rotations.

### 4. Cleaning:

- After lapping, clean the surfaces thoroughly to remove any residual lapping compound.
- Inspect the surface for any signs of damage or unevenness.

### 5. Final Inspection:

- Ensure that the receiver and barrel fit together snugly and securely.

- Perform a function check on the firearm before use.

## **Disposal Instructions**

- Dispose of any unused lapping compound according to local hazardous waste disposal regulations.
- Dispose of the tool responsibly. If it is no longer usable, consider recycling where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Wheeler Delta Series AR Receiver Lapping Tool, please refer to the manufacturer's website or customer support resources for assistance.

Thank you for prioritizing safety while using the Wheeler Delta Series AR Receiver Lapping Tool. Your adherence to these guidelines helps ensure a safe and effective experience.
