

Delta Series Compact AR Multi-Tool

[Gunsmith Tools](#) > [Rifle Tools](#) > [Combination Tools](#)

There is no longer a need for a tool box at the range when you have the Wheeler Delta Series Compact Multi-Tool. With a satin finish and stainless steel construction, this tool is not only handy, but durable. The multi-tool design can be used to perform many different functions in the field. When you need to make adjustments, or scrape some carbon build-up, simply reach down and grab this tool out of the included nylon belt sheath and go to work. After you are finished, snap the tool back in and continue shooting.

Wheeler Delta Series Compact AR MultiTool

Safety Instruction Guide

Introduction

Thank you for choosing the Wheeler Delta Series Compact AR MultiTool. This guide provides essential safety instructions to ensure the proper and safe use of the multitool. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the tool is used for its intended purpose only.
- Always inspect the tool before use for any signs of damage or wear.
- Keep the tool out of reach of children and unauthorized users.
- Use the tool in a welllit area to avoid accidents.
- Follow all local laws and regulations regarding the use of multitools.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, such as safety glasses and gloves, when using the tool.
- **Secure Grip:** Ensure that you have a firm grip on the tool when in use to prevent slipping.
- **Avoid Distractions:** Stay focused and avoid distractions while using the tool.
- **Keep Away from Flammable Materials:** Do not use the tool near flammable materials or in explosive environments.
- **Proper Handling:** Always handle the tool with care to avoid injury. Use the tool as intended and do not apply excessive force.

Instructions for Installation and Usage

1. Removing the Tool from Sheath:

- Open the nylon belt sheath.
- Grasp the handle of the multitool firmly and pull it out of the sheath.

2. Using the MultiTool:

- Identify the function you need (e.g., adjustments, scraping carbon buildup).
- Select the appropriate tool feature by unfolding or extending it as needed.
- Perform the task carefully, ensuring that your hands are clear of moving parts.

3. After Use:

- Once you have completed your task, carefully fold or retract the tool features back into the main body.
- Place the tool back into the nylon belt sheath for safe storage.

Disposal Instructions

- Dispose of the multitool in accordance with local regulations.
- If the tool is damaged beyond repair, ensure it is disposed of in a manner that prevents injury to others.

Contact Information for Further Support

For any inquiries regarding safety or performance, please refer to the manufacturer's website or contact the designated customer service.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Wheeler Delta Series Compact AR MultiTool. Always prioritize safety and proper handling to maximize the tool's performance. Thank you for your attention to these important guidelines.
