Wheeler 45 Piece SAE/Metric Hex & Torx Key Set Safety Instructions

Introduction

Thank you for choosing the Wheeler 45 Piece SAE/Metric Hex & Torx Key Set. This guide provides essential safety instructions to ensure the safe and effective use of your key set. Please read this document carefully to understand the safety precautions and usage guidelines.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the key set out of reach of children and vulnerable individuals to prevent accidents.
- Inspect the key set for any damage or wear before each use. Do not use damaged keys.
- Store the key set in a dry and secure location to prevent rust and damage.
- Follow all local regulations regarding the disposal of tools and materials.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when using the key set.
- Use the correct size key for the task to avoid slipping or damaging the fastener.
- Avoid using excessive force when turning the keys to prevent breakage.
- Do not use the keys for purposes other than what they are designed for, such as prying or hammering.
- If you notice any unusual sounds or resistance while using the keys, stop immediately and inspect the tool.

Instructions for Installation and Usage

1. Selecting the Right Key:

- Identify the fastener type (SAE, Metric Hex, or Torx).
- Choose the appropriate key size from the set.

2. Using the Key:

- Insert the key into the fastener.
- Turn the key gently in the correct direction (clockwise to tighten, counterclockwise to loosen).
- If resistance is met, reassess the key size and ensure it is properly seated in the fastener.

3. Storing the Key Set:

- After use, clean the keys of any debris or grease.
- Place the keys back in the designated storage area of the set.
- Ensure that the case is closed securely to prevent loss or damage.

Disposal Instructions

- Dispose of the key set in accordance with local regulations regarding metal and tool disposal.
- If the tool is damaged beyond repair, consider recycling the metal components where possible.
- Do not dispose of the product in household waste.

Contact Information for Further Support

For any safety inquiries, product recalls, or further assistance, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Wheeler 45 Piece SAE/Metric Hex & Torx Key Set. Always prioritize safety and proper usage to extend the life of your tools and maintain a safe working environment.
