

Scope Ring Alignment and Lapping Kit Combo, 1" and 30mm

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Scope Alignment Rods](#)

The Wheeler Engineering® Scope Ring and Lapping Kit Combo allows you to properly install a scope on a firearm. The alignment bars in this kit provide for perfect alignment of both rings and will also diagnose any misalignment problem, vertical or horizontal, giving you the opportunity to fix the problem before damaging the scope or experiencing frustration at the range. The lapping bar is used to lap the rings to improve alignment, reduce stress on the scope and improve the grip of the rings on the scope. It also serves as a lever to rotate dovetail rings into place. Lapping the rings can also minimize or prevent ring marring of the scope.

Wheeler Scope Ring Alignment and Lapping Kit Combo Safety Instructions

Introduction

Thank you for choosing the Wheeler Engineering® Scope Ring and Lapping Kit Combo. This product is designed to help you properly align and lap scope rings for optimal performance on your firearm. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always read the product instructions thoroughly before use.
- Ensure that the product is used only for its intended purpose.
- Keep the kit out of reach of children and vulnerable individuals.
- Inspect the kit before each use for any signs of damage or wear.
- If you notice any defects, do not use the product and contact customer support.
- Follow all local laws and regulations regarding firearm accessories.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the alignment bars and lapping bar only as instructed to avoid injury or damage.
- When using the lapping bar, ensure that it is securely positioned to prevent slipping.
- Avoid applying excessive force that could damage the scope or rings.
- Always wear appropriate safety gear, such as eye protection, when using the kit.
- Ensure that the firearm is unloaded and pointed in a safe direction during installation and adjustment.
- Do not use the kit if you are unsure about any of the procedures; consult a knowledgeable individual.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Gather all components of the Wheeler Scope Ring Alignment and Lapping Kit Combo.

2. Alignment of Scope Rings:

- Place the alignment bars into the scope rings.
- Adjust the rings until the alignment bars are level and secure.
- Check for any vertical or horizontal misalignment and adjust as necessary.

3. Lapping the Scope Rings:

- Insert the lapping bar into the scope rings as instructed.
- Rotate the lapping bar gently to lap the rings, ensuring even pressure.
- Check the alignment frequently to ensure proper fit and reduce stress on the scope.

4. Final Installation:

- Once alignment and lapping are complete, remove the alignment bars.
- Carefully install the scope into the rings, ensuring it is secure but not overly tight.
- Doublecheck the alignment before securing the scope in place.

5. **PostInstallation:**

- Inspect the installation to ensure there are no visible gaps or misalignments.
- Test the setup at a safe location to ensure proper function before heading to the range.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- If the product is damaged or no longer usable, contact your local waste management service for guidance on proper disposal methods.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please reach out to the appropriate customer service channels provided by the manufacturer. Ensure you have your purchase details ready for reference.

By following these guidelines, you can ensure a safe and effective experience while using the Wheeler Scope Ring Alignment and Lapping Kit Combo. Thank you for your attention to safety, and enjoy your shooting experience!
