

Level-Level-Level

[Gunsmith Tools](#) > [Sight & Scope Installation Tools](#) > [Scope Reticle Levelers](#)

The Wheeler Engineering® Level-Level-Level is the simplest, most accurate scope leveling system out there. Misaligned crosshairs rob you of accurate bullet placement, especially at long range, where it counts. Crooked crosshairs cause your scope adjustments to be unreliable and even make zeroing your firearm a frustrating and costly experience. The Level-Level-Level works because the scope is leveled to your receiver, not to the top of a scope base. This scope mounting level works with practically any bolt-action rifle and is adaptable to other designs as well.

Wheeler LevelLevelLevel Product Safety Instructions

Introduction

Thank you for choosing the Wheeler Engineering® LevelLevelLevel. This product is designed to provide you with the most accurate scope leveling system available. Proper use and understanding of safety guidelines will ensure a safe and effective experience. Please read the following instructions carefully.

General Safety Guidelines

- Always handle the LevelLevelLevel with care to avoid damage.
- Ensure that the product is used only for its intended purpose.
- Keep the LevelLevelLevel out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before attaching or adjusting the scope.
- Use the LevelLevelLevel only with compatible boltaction rifles and designs.
- Avoid using the product in adverse weather conditions that could affect its performance.
- Do not attempt to modify the LevelLevelLevel or use it in a way not described in this guide.
- Always wear appropriate eye protection when using firearms.

Instructions for Installation and Usage

1. Preparation

- Ensure you have a clean, flat surface to work on.
- Gather necessary tools, such as a screwdriver, if required for your specific scope.

2. Attaching the LevelLevelLevel

- Place the LevelLevelLevel on the scope tube.
- Align the bubble level with the crosshairs of your scope.
- Adjust the scope as necessary to ensure that both the level and crosshairs are aligned.

3. Leveling the Scope

- Securely fasten the scope to the rifle's receiver.
- Doublecheck that the LevelLevelLevel remains in place during this process.
- Once secured, remove the LevelLevelLevel and verify that the crosshairs are still aligned.

4. Final Checks

- After installation, check the scope adjustments to ensure they are functioning correctly.
- Test fire the rifle at a safe range to confirm proper alignment.

Disposal Instructions

- Dispose of the LevelLevelLevel in accordance with local regulations.
- Do not dispose of the product in household waste.

- If the product is damaged or no longer usable, consider recycling where possible.

Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact resources provided with your product.

Thank you for following these safety instructions. Your safety and satisfaction are our top priorities.
