

# IcePlate Curve Sleeve - Ranger Green

[Emergency & Survival Gear](#) > [Water & Hydration](#) > [Water Storage](#)

Includes:

- 1x IcePlate Sleeve
- 1x 96" of OneWrap for MOLLE mounting

IcePlate Sleeve advances our vision for modular thermoregulation and hydration. By harnessing the full power of the water we already carry on duty, IcePlate Curve is now more convenient than ever with IcePlate Sleeve. IcePlate Sleeve only needs to be mounted to your kit once to make exchanging empty IcePlate Curves as easy as changing an empty magazine.

AVAILABLE

**OPTIMIZED** - Optimized for IcePlate Exo compatibility

**UNIVERSAL** - works with any plate carrier with a 6x4 MOLLE field and/or a hook and loop Velcro field

**VENTILATED** - dual-face laser-cut MAPs double as ventilation ports

**CAPABLE** - Built from the same high-tech, ultra-strong, ultra-light, hydrophobic HMWPE used to build IcePlate Exo

**LIGHTWEIGHT** - IcePlate Sleeve is 30% lighter than IMS Flex, weighing in at a mere 4.2 ounces. Laser-cut negative MAPs (MOLLE Attachment Points built by removing, not adding, material)

**AMBIDEXTROUS** - Accepts both Left and Right Exit IcePlate Curve to work for both right-handed and left-handed shooters

**STREAMLINED** - Laser-cut Drink Tube Routing Ports on Left, Right and Top keep your hose as low profile and tight to your kit as you want or need

**RELIABLE** - bottom zipper closure is out, Velcro bottom closure is in with the Hook Velcro field on the inside of IcePlate Sleeve to prevent contact with clothing or uniforms

**PURPOSE-BUILT** - Can accept any IcePlate Curve or Medium ESAPI armor plate to give you maximum versatility for your cooling, heating, hydration and protection needs

**FLAT** - conformal design geometry with IcePlate Curve delivers the flattest, strongest and most capable plate carrier cooling/heating/hydration system ever built

**MODULAR** - dual-side MAPs let you carry your water and preserve your MOLLE field

**Designed and manufactured in the USA from US materials.**

# QORE PERFORMANCE, INC. IcePlate Curve Sleeve Safety Instruction Guide

## Introduction

Thank you for choosing the QORE PERFORMANCE, INC. IcePlate Curve Sleeve. This guide provides essential safety instructions to ensure the safe and effective use of your IcePlate Curve Sleeve. Please read this guide carefully before using the product.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the IcePlate Curve Sleeve by following all instructions and guidelines outlined in this document.
- **Enhanced Recalls:** Stay informed about any potential product recalls. Check the EU Safety Gate platform regularly for updates.
- **Online Shopping:** If purchased online, ensure the platform adheres to EU safety requirements.
- **Special Consumer Focus:** This product is designed for adults. Keep out of reach of children to avoid potential hazards.
- **EU Contact Point:** For safety inquiries, refer to the product packaging or retailer for contact information.
- **Rapid Alerts:** Be aware of faster updates on unsafe products via the Safety Gate system.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Ensure that the IcePlate Curve Sleeve is compatible with your existing gear before use.
  - Check for any visible damage or defects before mounting the IcePlate Sleeve.
- **Avoiding Hazards:**
  - Do not use the IcePlate Curve Sleeve if it shows signs of wear or damage.
  - Ensure that all mounting points are secure before use to prevent detachment during activity.
  - Avoid exposure to extreme heat or sharp objects that may damage the material.
- **AgeSpecific Warnings:**
  - This product is not intended for use by children. Adult supervision is recommended when used in environments where children may be present.

## Instructions for Installation and Usage

- **Installation:**
  - Mount the IcePlate Sleeve to your kit using the provided OneWrap for MOLLE mounting.
  - Ensure the IcePlate Sleeve is securely attached to prevent movement during use.
  - Follow the included instructions for routing the drink tube to keep it low profile and tight to your kit.
- **Usage:**
  - Fill the IcePlate Curve with water before inserting it into the IcePlate Sleeve.
  - Ensure the bottom zipper closure is secure and that the Velcro closure is properly fastened.
  - Regularly check the IcePlate Sleeve for any signs of wear or damage during use.

## **Disposal Instructions**

- Dispose of the IcePlate Curve Sleeve in accordance with local regulations regarding plastic and fabric waste.
- Do not incinerate the product, as it may release harmful substances.
- If the product is no longer usable, consider recycling components where applicable.

## **Contact Information for Further Support**

For additional support or inquiries regarding the IcePlate Curve Sleeve, please refer to the product packaging or your retailer for contact details.

Thank you for your attention to these safety guidelines. Enjoy your QORE PERFORMANCE, INC. IcePlate Curve Sleeve!
