## Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

## Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The Mod Red 9413 series can also be used as trolley case.

# Safety Instruction Guide for RED 9413 EXPLORER CASES

## Introduction

Thank you for choosing the RED 9413 EXPLORER CASES. This guide provides essential safety instructions and guidelines to ensure the safe use of your weapon case. Please read this document carefully and keep it for future reference.

## General Safety Guidelines

- Ensure that the case is used only for its intended purpose, which is to store and transport weapons and related equipment.
- Regularly inspect the case for any signs of damage or wear. If any damage is found, discontinue use immediately.
- Keep the case out of reach of children and vulnerable individuals to prevent accidents or misuse.
- Avoid exposing the case to extreme temperatures or harsh environmental conditions, as this may compromise its integrity.
- Be aware of the weight of the case when loaded, and use proper lifting techniques to avoid injury.

## Specific Safety Precautions for Use

- **Locking Mechanism:** Always ensure that the locking latches are securely fastened when the case is not in use. This prevents accidental opening and enhances security.
- **Water Resistance:** While the case is designed to be waterresistant, do not submerge it in water. Always check the O-ring gasket for integrity before use.
- **Pressure Release Valve:** Make sure to use the manual air pressure release valve when closing the case after transporting it at different altitudes to avoid pressure buildup.
- **Transporting the Case:** Use the large front handle or optional shoulder straps for transport. Ensure that the straps are securely attached before carrying.
- **Labeling:** Utilize the waterproof removable label to clearly identify the contents of the case. This helps in quick identification and prevents mixups.

## Instructions for Installation and Usage

### • Setting Up the Case:

1. Open the case by releasing the locking latches.
2. Inspect the interior for any protective foam inlays and ensure they are properly positioned.
3. Place your equipment inside the case, utilizing the internal cutouts for brackets or mounting rings as necessary.
4. Close the lid securely and engage the locking latches.

### • Transporting the Case:

- Use the front handle for traditional carrying.
- If using shoulder straps, ensure they are adjusted for comfort and securely attached to the case.
- For trolley use, ensure that the wheels are unobstructed and the case is balanced.

### • After Use:

- Clean the exterior and interior of the case with a damp cloth to remove any dirt or debris.
- Store the case in a cool, dry place when not in use.

## **Disposal Instructions**

- When the case reaches the end of its life cycle, dispose of it responsibly.
- Check local regulations for proper disposal methods for polypropylene materials.
- If applicable, recycle the case according to local recycling guidelines.

## **Contact Information for Further Support**

For any safety inquiries or assistance regarding the RED 9413 EXPLORER CASES, please refer to the EUbased contact point provided with your product packaging or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure the proper use and longevity of your RED 9413 EXPLORER CASES. Always prioritize safety and be aware of your surroundings when handling your equipment. Thank you for your attention to these guidelines.
