Literally indestructible

The weapon cases from Explorer Cases each have corrosion proof metal hinges with lid stay features, which fixate the cover and hold it into place when opened. So you can rest assured that your weapon cases will assist you a long long time.

Thanks to the locking latches the weapon cases are always highly secured. The O-ring gasket also makes them water resistant to a great extend.

Every weapon case is equipped with a manual air pressure release valve. Therefore you can take it easy and will have no problem handling and closing the case.

Exactly how you want it

The cases are provided with internal cutouts for optional internal brackets or mounting rings, so you can store everything exactly as it is most suitable for your requirements.

Every single suitcase comes with a waterproof removable label with which you can label your equipment or store your data.

The case can either be transported traditionally via the large front handle or via optional shoulder straps, which can be easily attached to any model.

The Mod Red 11413 series can also be used as trolley case.

Safety Instruction Guide for RED 11413 EXPLORER CASES

Introduction

Thank you for choosing the RED 11413 EXPLORER CASES. This guide provides essential safety instructions to ensure the safe use of your weapon case. Please read this guide carefully before using the product and keep it for future reference.

General Safety Guidelines

- Ensure that the case is used solely for its intended purpose as a weapon case.
- Always check the case for any damage before use. Do not use if damaged.
- Store the case in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep the case out of reach of children and vulnerable individuals.
- Regularly inspect the locking latches and hinges to ensure they are functioning correctly.

Specific Safety Precautions for Use

- Always secure your weapons properly within the case to prevent movement during transport.
- Use the manual air pressure release valve when closing the case at altitude or after temperature changes.
- Avoid placing heavy items on top of the case when not in use to prevent deformation.
- Do not attempt to modify or repair the case yourself; contact a professional if repairs are needed.
- When transporting, use the front handle or shoulder straps as recommended. Ensure straps are securely attached.

Instructions for Installation and Usage

1. Unpacking the Case

- Carefully remove the case from its packaging.
- Inspect for any visible damage or missing parts.

2. Preparing the Case for Use

- Open the case using the locking latches.
- Ensure that the internal cutouts are suitable for your equipment. Adjust or add internal brackets as necessary.

3. Loading Your Equipment

- Place your weapon and accessories securely within the cutouts.
- Ensure that everything is snugly fitted to avoid movement during transport.

4. Closing the Case

- After loading, close the lid firmly.
- Engage the locking latches to secure the case.
- Use the manual air pressure release valve if necessary.

5. Transporting the Case

- Use the large front handle or attach the optional shoulder straps for easy carrying.

- If using as a trolley case, ensure the wheels are unobstructed and the case is balanced.

Disposal Instructions

- Dispose of the case responsibly according to local regulations.
- If the case is no longer usable, consider recycling it if possible.
- Remove any labels or personal identification before disposal.

Contact Information for Further Support

For any safety inquiries or concerns regarding the RED 11413 EXPLORER CASES, please refer to the contact details provided on the packaging or the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the effective and safe use of your RED 11413 EXPLORER CASES. Always stay informed about product recalls and safety updates through the EU's Safety Gate platform. Thank you for prioritizing safety and enjoy using your new weapon case responsibly.
