Safety Instruction Guide for EXPLORER CASES TSA Approved Padlock with Combination

Introduction

Thank you for choosing the EXPLORER CASES TSA approved Padlock with Combination. This product is designed to provide enhanced security for your Explorer Case while ensuring compliance with EU safety regulations. This guide provides essential safety instructions and usage information to help you use the padlock safely and effectively.

General Safety Guidelines

- Ensure that the padlock is used only for its intended purpose.
- Regularly inspect the padlock for any signs of wear or damage.
- Keep the combination code confidential and avoid sharing it with unauthorized individuals.
- Store the padlock in a dry place to prevent corrosion.
- If you notice any unusual behavior or malfunction, cease use immediately and seek assistance.

Specific Safety Precautions for Use

- **Potential Hazards:**
 - Risk of unauthorized access if the combination code is shared.
 - Risk of lock malfunction if subjected to excessive force or impact.
- **Avoiding Hazards:**
 - Do not force the lock open; use the correct combination.
 - Avoid exposing the padlock to extreme temperatures or moisture.
 - Keep the padlock away from children to prevent accidental tampering.

Instructions for Installation and Usage

1. Setting the Combination:

- To set your combination, follow these steps:
 - Open the padlock using the factoryset combination (usually 000).
 - Locate the reset button on the padlock.
 - Press and hold the reset button while turning the dials to your desired combination.
 - Release the reset button and test the new combination to ensure it works.

2. Using the Padlock:

- To lock your Explorer Case:
 - Ensure that the case is closed securely.
 - Insert the shackle of the padlock through the locking mechanism of the case.
 - Close the padlock until it clicks into place.
- To unlock your Explorer Case:
 - Enter the correct combination on the padlock.
 - Pull the shackle to release the lock.

3. Regular Maintenance:

- Periodically check the functionality of the lock.
- Clean the lock with a soft, dry cloth to remove any dust or debris.
- If the lock becomes stiff, apply a small amount of lubricant to the shackle.

Disposal Instructions

- Dispose of the padlock responsibly in accordance with local regulations.
- If the padlock is no longer functional, consider recycling the metal components where possible.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the EXPLORER CASES TSA approved Padlock with Combination, please refer to the contact information provided with your product or visit the manufacturer's official website.

By following these guidelines, you can ensure the safe use of your EXPLORER CASES TSA approved Padlock with Combination and protect your belongings effectively. Remember to stay informed about product safety and report any unsafe products to the appropriate authorities. Thank you for prioritizing safety!
