

# TAC21 Gen 2 Chassis System Remington 700 SA RH Black

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

TAC21 Gen 2 Chassis System uses AICS-type magazines and AR-type pistol grips, receiver extensions/buffer tubes and buttstocks(sold separately). The easiest and usually best way to complete this chassis is to purchase MDT's AR Pistol Grip and Skeleton Rifle Stock, and of course at least one magazine for your action and caliber. You will get benchrest accuracy, superior ergonomics, versatility and modularity. Straight-line desing means that the recoil comes straight back and does not raise the barrel, which translates to less felt recoil, quicker follow-up shots and better accuracy. Because of this design, the chassis comes in 4 pieces, with all required mounting hardware. Installing can be done in less than an hour, and no bedding is needed.

# MDT TAC21 Gen 2 Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT TAC21 Gen 2 Chassis System for your Remington 700. This guide provides essential safety instructions and guidelines to ensure the safe use of the chassis system. Please read this document carefully before installation and usage to maximize your safety and the performance of your product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and usage.
- Keep the chassis system and all related components out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage on the chassis system.
- In case of any malfunction or issues, discontinue use immediately and consult a qualified professional.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installation or modification of the chassis system.
- Use only AICStype magazines that are compatible with the chassis system.
- Ensure that the buttstock and pistol grip are securely attached before use.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always wear appropriate safety gear, including eye and ear protection, when using the firearm.
- Follow all local laws and regulations regarding firearm usage and modifications.

## Instructions for Installation and Usage

### 1. Installation:

- Gather all necessary tools and components.
- Ensure that the firearm is unloaded and placed on a stable surface.
- Remove the existing stock from your Remington 700.
- Align the MDT TAC21 Gen 2 Chassis System with the receiver and ensure proper fit.
- Secure the chassis system using the provided mounting hardware.
- Attach the AR Pistol Grip and Skeleton Rifle Stock as per the manufacturer's instructions.
- Verify that all components are securely fastened.

### 2. Usage:

- Once installed, conduct a function check to ensure proper operation.
- Load the compatible AICStype magazine and ensure it is seated correctly.
- Maintain a firm grip on the chassis system while shooting to manage recoil effectively.
- After each use, clean and inspect the chassis system and firearm to maintain optimal performance.

## Disposal Instructions

- Dispose of the chassis system and any related components in accordance with local regulations.
- Do not dispose of firearm components in regular household waste.
- Consider recycling options for aluminum and other materials where applicable.

## **Contact Information for Further Support**

For any inquiries or support regarding the MDT TAC21 Gen 2 Chassis System, please refer to the manufacturer's contact information provided with the product.

This safety instruction guide is designed to provide clear and concise information to ensure the safe use of the MDT TAC21 Gen 2 Chassis System. Adhering to these guidelines will help you enjoy the benefits of your new chassis system while minimizing risks associated with firearm modifications and usage. Thank you for your attention to safety.
