

TAC21 Gen 2 Chassis System Tikka T3, T3x SA RH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

TAC21 Gen 2 Chassis System uses AICS-type magazines and AR-type pistol grips, receiver extensions/buffer tubes and buttstocks(sold separately). The easiest and usually best way to complete this chassis is to purchase MDT's AR Pistol Grip and Skeleton Rifle Stock, and of course at least one magazine for your action and caliber. You will get benchrest accuracy, superior ergonomics, versatility and modularity. Straight-line desing means that the recoil comes straight back and does not raise the barrel, which translates to less felt recoil, quicker follow-up shots and better accuracy. Because of this design, the chassis comes in 4 pieces, with all required mounting hardware. Installing can be done in less than an hour, and no bedding is needed.

MDT TAC21 Gen 2 Chassis System Safety Instructions

Introduction

Thank you for purchasing the MDT TAC21 Gen 2 Chassis System for Tikka T3, T3x. This guide provides important safety instructions and information to ensure safe and effective use of your chassis system. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the chassis system is installed correctly to avoid any accidents or malfunctions.
- Always handle firearms and firearm accessories with care and respect.
- Store the chassis system in a safe location, away from children and unauthorized users.
- Be aware of your surroundings when using the chassis system to prevent accidents.
- Regularly inspect the chassis system for signs of wear or damage.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before installation or maintenance.
- Follow all local laws and regulations regarding firearm modifications.
- Use compatible AICStype magazines to avoid malfunction.
- Ensure that the installation of the buttstock and buffer tube is secure before use.
- Be cautious of the recoil generated during firing; practice good shooting stance and grip.
- Do not exceed the manufacturer's specifications for the firearm and chassis system.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components, including the MDT AR Pistol Grip and Skeleton Rifle Stock (sold separately).
- Ensure you have at least one compatible magazine for your action and caliber.

2. Installation Steps:

- Remove the original stock and components from your Tikka T3 or T3x.
- Attach the MDT TAC21 Gen 2 Chassis System to the receiver, ensuring all mounting points align.
- Secure the chassis using the provided mounting hardware.
- Install the buffer tube and buttstock according to the manufacturer's instructions.
- Attach the AR Pistol Grip to the chassis.

3. Usage:

- After installation, check for stability and ensure all components are secure.
- Load the magazine and insert it into the chassis.
- Always maintain proper shooting posture to manage recoil effectively.
- Clean and maintain the chassis system regularly to ensure optimal performance.

Disposal Instructions

- Dispose of the chassis system in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.
- Consider recycling components where possible.

Contact Information for Further Support

For questions or concerns regarding your MDT TAC21 Gen 2 Chassis System, please contact your local dealer or refer to the manufacturer's website for support resources.

Thank you for choosing the MDT TAC21 Gen 2 Chassis System. Your safety and satisfaction are our top priorities.
