

# TAC21 Gen 2 Chassis System Tikka T3, T3x LA RH FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

TAC21 Gen 2 Chassis System uses AICS-type magazines and AR-type pistol grips, receiver extensions/buffer tubes and buttstocks(sold separately). The easiest and usually best way to complete this chassis is to purchase MDT's AR Pistol Grip and Skeleton Rifle Stock, and of course at least one magazine for your action and caliber. Tikka Long Action models require MDT 3.56" magazines. You will get benchrest accuracy, superior ergonomics, versatility and modularity. Straight-line design means that the recoil comes straight back and does not raise the barrel, which translates to less felt recoil, quicker follow-up shots and better accuracy. Because of this design, the chassis comes in 4 pieces, with all required mounting hardware. Installing can be done in less than an hour, and no bedding is needed.

# MDT TAC21 Gen 2 Chassis System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT TAC21 Gen 2 Chassis System for your Tikka T3 or T3x rifle. This guide provides essential safety instructions and guidelines to ensure the safe use and installation of your chassis system. Please read this guide carefully before use.

## General Safety Guidelines

- Always handle firearms and firearm accessories with care and respect.
- Ensure that the chassis system is compatible with your specific rifle model.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Keep the chassis system and all firearms out of reach of children and unauthorized users.
- Inspect the chassis system regularly for any signs of wear or damage.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

### • Hazard Identification:

- Improper installation may lead to firearm malfunction.
- Using incompatible magazines may cause feeding issues.
- Failure to secure the chassis may result in accidental discharges.

### • Instructions for Avoiding Hazards:

- Always ensure the firearm is unloaded before installation or maintenance.
- Use only MDT's recommended AR Pistol Grip and Skeleton Rifle Stock.
- Verify that all mounting hardware is securely tightened before use.
- Avoid using the chassis system in adverse weather conditions that may affect performance.

### • Age Specific Warnings:

- This product is intended for use by individuals aged 18 and older. Minors should be supervised by a responsible adult when handling firearms.

## Instructions for Installation and Usage

### • Installation Steps:

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing stock and any attachments from your Tikka T3 or T3x rifle.
3. Align the chassis system with the receiver of the rifle.
4. Secure the chassis using the provided mounting hardware, ensuring all screws are tightened properly.
5. Attach the AR Pistol Grip and Skeleton Rifle Stock according to the manufacturer's instructions.
6. Insert the appropriate MDT 3.56" magazine for Tikka Long Action models.

### • Usage Guidelines:

- Familiarize yourself with the operation of your modified rifle before live firing.

- Conduct function tests in a safe and controlled environment.
- Always wear appropriate safety gear, including eye and ear protection.

## Disposal Instructions

- Dispose of the chassis system in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged beyond repair, contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the MDT TAC21 Gen 2 Chassis System, please refer to the manufacturer's website or customer support resources. Ensure you have your product details available for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT TAC21 Gen 2 Chassis System. Thank you for your attention to safety!
