

# High Scope Base for ESS Chassis System Savage LA Black

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

# MDT High Scope Base for ESS Chassis System

## Safety Instruction Guide

### Introduction

Thank you for choosing the MDT High Scope Base for ESS Chassis System. This guide provides essential safety information, installation instructions, and usage guidelines to ensure your product is used safely and effectively. Please read this guide carefully before use.

### General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the product for any signs of wear or damage before each use.
- Do not modify the scope base or any of its components, as this may compromise safety and performance.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Always use the scope base with compatible firearms as specified by the manufacturer.
- In case of any malfunction or unexpected behavior, cease use immediately and contact the manufacturer for support.

### Specific Safety Precautions for Use

- Only use the MDT High Scope Base with the specified Savage Arms models (110, 112, 116, 111).
- Ensure that the mounting surface is clean and free of obstructions before installation.
- Use appropriate tools to secure the scope base to avoid loosening during use.
- Be aware of the 20 MOA incline; ensure your optics are adjusted accordingly to prevent misalignment.
- Check that the recoil lug is properly integrated if applicable to your model to prevent movement during firing.

### Instructions for Installation and Usage

#### 1. Installation:

- Gather the necessary tools, including a torque wrench and appropriate screws.
- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing scope base or rings from the receiver.
- Align the MDT High Scope Base with the mounting holes on the receiver.
- Secure the scope base using the provided screws, tightening to the manufacturer's recommended torque specifications.
- Ensure the base is flush against the receiver and check for any gaps.

#### 2. Usage:

- Once installed, attach your optics securely to the scope base.
- Verify that the optics are properly aligned and adjusted for your shooting needs.
- Regularly check the tightness of the scope base screws, especially after heavy use.

### Disposal Instructions

- Dispose of the MDT High Scope Base in accordance with local regulations.
- If the product is damaged beyond repair, ensure it is disposed of in a manner that prevents environmental harm.
- Consider recycling aluminum components where facilities are available.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT High Scope Base for ESS Chassis System, please refer to the manufacturer's contact information provided with your product packaging or visit the official website.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Your attention to these guidelines will help ensure a safe and enjoyable experience with your MDT High Scope Base.
