

# High Scope Base for ESS Chassis System Ruger American SA FDE

[Optics & Mounting](#) > [Rings, Mounts & Bases](#) > [Rifle Bases](#)

MDT's ESS Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature. MDT's ESS Scope Base Picatinny Rails are specifically designed to be used with our ESS chassis system. The rails height has been determined to specifically align with the full & partial rail ESS forend.

# Safety Instruction Guide for MDT High Scope Base for ESS Chassis System

## Introduction

Thank you for choosing the MDT High Scope Base for the ESS Chassis System. This product is designed to enhance your shooting experience by providing a reliable and stable platform for mounting your optics. It is essential to follow safety guidelines to ensure safe use and optimal performance. This guide outlines important safety information, installation instructions, and disposal guidelines.

## General Safety Guidelines

- Always read and understand the product manual before use.
- Ensure that the product is installed correctly to prevent accidents.
- Regularly inspect the product for any signs of wear or damage.
- Keep the product out of reach of children and unauthorized users.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the MDT High Scope Base is compatible with your firearm model before installation.
- Use only the recommended tools and equipment for installation.
- Avoid excessive force during installation to prevent damage to the product or firearm.
- Do not modify the scope base in any way that could compromise its integrity or safety.
- Always use the product in accordance with the manufacturer's instructions and recommendations.
- Be aware of your surroundings and ensure a safe shooting environment.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools: a torque wrench, appropriate screws, and an Allen key.
- Ensure your firearm is unloaded and pointed in a safe direction.

### 2. Installation Steps

- Align the MDT High Scope Base with the mounting points on your Ruger American SA.
- Secure the base using the provided screws. Tighten them to the manufacturer's specified torque settings.
- Check that the base is mounted flush against the receiver.

### 3. Mounting Your Optics

- Follow the manufacturer's instructions for mounting your optics onto the scope base.
- Ensure that the optics are securely fastened and properly aligned.

### 4. Final Checks

- Inspect the installation to confirm that all screws are tightened and the base is stable.
- Conduct a function check of your firearm to ensure everything operates correctly.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in general household waste.
- Consider recycling the aluminum material if facilities are available in your area.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the manufacturer's website or contact your local distributor. Always ensure that you have the latest information regarding safety and product updates.

By following these guidelines, you can ensure that your MDT High Scope Base for the ESS Chassis System is used safely and effectively. Thank you for your attention to these important safety measures.
