SCHMEISSER Ambidextrous Charging Handle

Safety Instruction Guide

Introduction

Thank you for choosing the SCHMEISSER Ambidextrous Charging Handle. This product is designed for safe and efficient operation in conjunction with your AR15 firearm. It is essential to follow the safety instructions outlined in this guide to ensure proper use and to minimize the risk of accidents.

General Safety Guidelines

- Ensure that the charging handle is compatible with your AR15 model before installation.
- Always treat your firearm as if it is loaded, even when it is not.
- Keep the charging handle and all firearm components out of reach of children and unauthorized users.
- Regularly inspect the charging handle for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use the charging handle only in a safe environment, free from obstructions and distractions.
- Ensure that the firearm is pointed in a safe direction when operating the charging handle.
- Avoid placing your fingers near the ejection port when using the charging handle.
- Do not force the charging handle if it does not operate smoothly; check for obstructions or damage.
- If the charging handle is modified or altered in any way, it may compromise safety and functionality.

Instructions for Installation and Usage

Installation

1. **Safety First:** Ensure the firearm is unloaded and pointed in a safe direction.
2. **Remove the Old Charging Handle:** If replacing an existing charging handle, carefully remove it according to the manufacturer's instructions.
3. **Insert the New Charging Handle:** Align the SCHMEISSER Ambidextrous Charging Handle with the receiver and slide it into place.
4. **Secure the Charging Handle:** Ensure that it is properly seated and secure in the upper receiver.

Usage

- To operate the charging handle, grasp either lever with your dominant hand and pull it back to chamber a round or clear the action.
- The design allows for operation from both sides, ensuring versatility and ease of use.
- After charging the firearm, ensure that your finger is off the trigger and the firearm is pointed in a safe direction before proceeding.

Disposal Instructions

- When disposing of the charging handle, ensure it is done in accordance with local regulations regarding metal waste.
- Do not dispose of the charging handle in regular household waste.
- Consider recycling the material if possible, as it is made from Aluminum 7075T6.
