

CLEANING ROD POWER-LINE PROFI, STAINLESS STEEL (EXTERNAL THREAD 1/8") - FOR CAL. .22-6.5MM - Cleaning Rod, 900mm - Power-Line Profi, Stainless Steel (external thread 1/8") - for Cal. .22-6.5mm

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

Cleaning Rod PowerLine Profi Safety Instruction Guide

Introduction

Thank you for choosing the Cleaning Rod PowerLine Profi. This guide provides essential safety instructions to ensure the safe and effective use of your cleaning rod. Please read this document carefully before use to understand the safety measures and operational guidelines.

General Safety Guidelines

To ensure safe use of the Cleaning Rod PowerLine Profi, please adhere to the following guidelines:

- Always handle the cleaning rod with care to avoid injury.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod before each use to ensure it is in good condition and free of any defects.
- Use the cleaning rod only for its intended purpose, which is to clean firearms with calibers ranging from .22 to 6.5mm.
- Avoid using the cleaning rod in wet or damp conditions to prevent slippage and potential accidents.
- If you notice any damage or wear to the cleaning rod, discontinue use immediately and contact support for guidance.

Specific Safety Precautions for Use

When using the Cleaning Rod PowerLine Profi, please observe the following precautions:

- Ensure that the firearm is unloaded before using the cleaning rod.
- Always point the firearm in a safe direction while cleaning.
- Use the cleaning rod carefully to avoid damaging the barrel of the firearm.
- Do not force the cleaning rod through the barrel; if resistance is encountered, stop and assess the situation.
- Wear safety glasses to protect your eyes from potential debris during the cleaning process.
- Do not leave the cleaning rod unattended while in use.

Instructions for Installation and Usage

To effectively use the Cleaning Rod PowerLine Profi, follow these steps:

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the cleaning rod, cleaning patches, and solvent.

2. Assembly:

- If using the 3piece cleaning rod, carefully screw the sections together until secure.
- Attach the VFG barrel cleaner to the adapter at the end of the cleaning rod.

3. Usage:

- Insert the cleaning rod into the barrel of the firearm.
- Gently push the rod through the barrel, using a smooth and steady motion.
- If using a solvent, apply it to the cleaning patch before inserting it into the barrel.
- Repeat the cleaning process until the barrel is clean, checking the patches for residue.

4. Disassembly:

- After cleaning, carefully unscrew the cleaning rod sections.
- Store the cleaning rod in a safe and dry place.

Disposal Instructions

When the Cleaning Rod PowerLine Profi reaches the end of its life cycle, please dispose of it responsibly:

- Check local regulations for guidelines on the disposal of stainless steel and aluminum products.
- If the cleaning rod is damaged beyond repair, consider recycling the materials where applicable.

Contact Information for Further Support

For any inquiries or support regarding the Cleaning Rod PowerLine Profi, please reach out to your local distributor or manufacturer. Ensure you have your product information ready for efficient assistance.

By following these safety instructions and guidelines, you can ensure a safe and effective cleaning experience with your Cleaning Rod PowerLine Profi. Thank you for your attention to safety.
