

# Cleaning Rod (internal thread 9/32") with reducer 9/32" - M5-thread

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The two-part shotgun cleaning rod is made of solid aluminum and guarantees optimum stability. A thread connects the individual parts seamlessly and ensures a firm screw connection.

The pole parts are equipped with a 9/32" thread for the acceptance of commercially available cleaning elements. This shotgun cleaning stick can also be used as a cleaning stick and / or stick for muzzle loading weapons.

## **Data:**

- Length: 900mm
- Caliber: 12/16/20 Gauge

NO IMAGE  
AVAILABLE

## **Contains:**

# Cleaning Rod (Internal Thread 9/32") with Reducer 9/32" - M5Thread Safety Instructions

## Introduction

Thank you for choosing the Cleaning Rod (Internal Thread 9/32") with Reducer 9/32" - M5Thread. This product is designed for effective cleaning of firearms and is made from highquality materials to ensure durability and stability. Please read this safety instruction guide carefully to ensure safe and proper use of the product.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow the instructions provided in this guide to minimize risks.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod for any signs of damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the cleaning rod only with compatible cleaning elements that fit the 9/32" thread.
- Avoid excessive force when attaching or detaching cleaning elements to prevent damage.
- Do not use the cleaning rod if it shows signs of wear or damage.
- Always handle the cleaning rod with care to avoid injury.
- Do not use the cleaning rod as a tool for purposes other than cleaning firearms.

## Instructions for Installation and Usage

### 1. Assembly:

- Align the two parts of the cleaning rod.
- Screw the parts together firmly until they are securely connected.
- Ensure that the connection is tight to prevent any disassembly during use.

### 2. Attaching Cleaning Elements:

- Select a cleaning element that fits the 9/32" thread.
- Screw the cleaning element onto the end of the cleaning rod until it is secure.
- Ensure that the cleaning element is properly attached before use.

### 3. Using the Cleaning Rod:

- Insert the cleaning rod into the firearm's barrel gently.
- Use smooth and steady motions to clean the barrel.
- Avoid forcing the rod through any obstructions.
- After cleaning, carefully remove the cleaning rod from the barrel.

### 4. Cleaning and Maintenance:

- After each use, clean the cleaning rod with a soft cloth to remove any residue.
- Store the cleaning rod in a dry place to prevent corrosion.

## **Disposal Instructions**

- Dispose of the cleaning rod in accordance with local regulations.
- If the cleaning rod is damaged beyond repair, consider recycling the aluminum parts where facilities are available.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the EUbased contact point provided with the product.
