

ESS Chassis System Kit Howa 1500 LA RH Bronze

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

Ultimate ergonomics and features! ESS Chassis System Kit includes a 15" forend, an adjustable buttstock and an AR pistol grip, only a magazine should be purchased separately.

- The buttstock is fully adjustable including lateral adjustment for the butt-pad and the cheek rest. Cheek rest height and butt-pad length-of-pull are adjustable by thumb wheels.
- V-block bedding system to form a solid and reliable base for the rifle action.
- The magazine well has been refined for easy insertion of the magazine.
- Ambidextrous, easy reach magazine latch – can be operated with trigger finger or left hand.
- Barricade stop in front of the magazine to prevent putting pressure on the magazine.
- Compatible with all non-beavertail AR pattern pistol grips. Beavertail grips will fit with minor trimming.

MDT ESS Chassis System Kit Howa 1500 Safety Instructions

Introduction

Thank you for choosing the MDT ESS Chassis System Kit for your Howa 1500 rifle. This guide provides important safety information and instructions to ensure safe and effective use of your product. Please read this guide carefully before using the chassis system.

General Safety Guidelines

- Always treat your rifle as if it is loaded.
- Ensure that the rifle is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Use appropriate eye and ear protection when shooting.
- Store your rifle and chassis system in a secure location, out of reach of children and unauthorized users.
- Regularly inspect your chassis system for any signs of wear or damage.
- Follow all local laws and regulations regarding the use and storage of firearms.
- If you experience any issues with the chassis system, discontinue use and consult a qualified gunsmith.

Specific Safety Precautions for Use

- Ensure the chassis system is compatible with your specific rifle model (Howa 1500).
- The adjustable buttstock should be securely locked in place before use.
- Avoid placing excessive pressure on the magazine when loading or unloading.
- Do not modify the chassis system in any way that may affect its safety or functionality.
- Always use the appropriate magazine for your rifle to prevent jams or malfunctions.
- Be aware of your surroundings and ensure a clear line of sight before aiming or shooting.
- If using a beavertail grip, ensure it is properly trimmed to fit the chassis system.

Instructions for Installation and Usage

Installation Instructions

1. Prepare Your Workspace:

- Ensure you have a clean, flat surface to work on.
- Gather all necessary tools, including a screwdriver and any other required equipment.

2. Remove the Existing Stock:

- Safely unload your rifle and ensure it is pointed in a safe direction.
- Remove the existing stock from your rifle according to the manufacturer's instructions.

3. Attach the Chassis System:

- Align the rifle action with the Vblock bedding system in the MDT ESS chassis.
- Securely fasten the action screws to hold the rifle in place.

4. Install the Forend:

- Attach the 15" forend to the chassis system as per the provided instructions.
- Ensure it is securely fastened.

5. Adjust the Buttstock:

- Adjust the buttstock to your preferred length of pull and cheek rest height using the thumb wheels.
- Ensure all adjustments are locked in place before use.

6. Insert the Magazine:

- Insert the magazine into the magazine well, ensuring it clicks into place.
- Test the magazine latch to ensure it functions correctly.

Usage Instructions

- Before each use, check that all components of the chassis system are secure and functioning properly.
- Adjust the cheek rest and buttpad to fit your shooting style and comfort.
- Practice safe handling and shooting techniques at all times.

Disposal Instructions

- Dispose of the chassis system in accordance with local regulations.
- If the product is no longer usable, consider recycling materials where possible.
- Do not dispose of any components in a manner that could pose a risk to the environment or public safety.
