

# TAC21 Gen 2 Chassis System Remington 700 SA RH Gray

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The rifle (system) and scope shown in the picture are not for sale and are not included. Only the chassis is included in the delivery.

TAC21 Gen 2 Chassis System uses AICS-type magazines and AR-type pistol grips, receiver extensions/buffer tubes and buttstocks(sold separately). The easiest and usually best way to complete this chassis is to purchase MDT's AR Pistol Grip and Skeleton Rifle Stock, and of course at least one magazine for your action and caliber. You will get benchrest accuracy, superior ergonomics, versatility and modularity. Straight-line desing means that the recoil comes straight back and does not raise the barrel, which translates to less felt recoil, quicker follow-up shots and better accuracy. Because of this design, the chassis comes in 4 pieces, with all required mounting hardware. Installing can be done in less than an hour, and no bedding is needed.

# MDT TAC21 Gen 2 Chassis System Safety Instructions

## Introduction

Thank you for choosing the MDT TAC21 Gen 2 Chassis System for your Remington 700. This safety instruction guide is designed to ensure the safe use and installation of your product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using your chassis system.

## General Safety Guidelines

- Always ensure that the product is used in accordance with manufacturer instructions.
- Keep the chassis system out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear that may affect safety.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the chassis system is compatible with your specific model of Remington 700.
- Use only AICStype magazines and ARtype components designed for this chassis.
- Avoid using the chassis system in extreme weather conditions that may affect performance.
- Do not modify the chassis system in any way that could compromise safety.
- Always follow safe handling practices when using firearms with the chassis system.

## Instructions for Installation and Usage

### 1. Installation Steps:

- Gather all necessary tools and components including the MDT AR Pistol Grip, Skeleton Rifle Stock, and required mounting hardware.
- Carefully read the manufacturer's installation instructions.
- Ensure the firearm is unloaded and pointed in a safe direction during installation.
- Attach the chassis to the Remington 700 action according to the provided instructions.
- Secure all components tightly, ensuring there are no loose parts.

### 2. Usage Guidelines:

- After installation, perform a function check to ensure all components are operating correctly.
- Always use the chassis system in a safe and controlled environment.
- Maintain proper shooting posture to maximize accuracy and minimize recoil.
- Regularly clean and maintain the chassis system to ensure optimal performance.
- Store the chassis system and firearm securely when not in use.

## Disposal Instructions

- Follow local regulations for the disposal of aluminum and other materials.
- If the chassis system is damaged beyond repair, ensure it is disposed of in an environmentally friendly manner.
- Do not incinerate or dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT TAC21 Gen 2 Chassis System, please consult the product manual or reach out to the manufacturer directly. Always ensure to have your product details ready for any inquiries.

By following these guidelines, you can ensure a safe and enjoyable experience with your MDT TAC21 Gen 2 Chassis System. Thank you for your attention to safety.
