

FULL LENGTH DIES FOR RIFLE CALIBERS - TRIEBEL Full Length Die 30-06 Springfield - 7/8"

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The FL dies is used to size the cartridge case on full length.

In addition to a removable expander our FL dies have an integrated primer ejector pin.

All used spindles, the expander and ejector pin can be replaced easily if necessary, with just little effort.

Calibration takes place when the cartridge case is pushed into the die. The neck of the case is calibrated from the inside when it is moved out of the die. This will form the cartridge case and achieves a correct neck tension.

The correct position of the die in the press is set with the lock nut.br>

Specs:

- Thread: 7/8"
- Expander (diameter): 7.8mm

All relevant components have an article number for easy reordering if necessary.

You will find further instructions and assistance in selecting accessories and spare parts in the manual.

TRIEBEL Full Length Dies for Rifle Calibers Safety Instruction Guide

Introduction

Thank you for choosing the TRIEBEL Full Length Die 3006 Springfield. This guide provides important safety instructions and information to ensure the safe and effective use of this product. Please read this guide thoroughly before using the die.

General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure you are using the die for its intended purpose.
- Keep the die and all related tools out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate safety gear, including safety glasses and gloves, when using the die.
- **Work Environment:** Use the die in a wellventilated area to avoid inhaling any dust or debris.
- **Handling:** Handle the die with care to avoid injury. Do not use excessive force when operating the die.
- **Calibration:** Ensure that the die is properly calibrated before use to prevent malfunctions or damage to the cartridge cases.
- **Storage:** Store the die in a dry, secure location when not in use to prevent rust and damage.

Instructions for Installation and Usage

1. Installation:

- Ensure the reloading press is clean and properly set up.
- Securely attach the TRIEBEL Full Length Die to the reloading press using the 7/8" threads.
- Use the lock nut to set the correct position of the die in the press.

2. Usage:

- Insert the cartridge case into the die and apply even pressure to push it into the die.
- The neck of the case will be calibrated from the inside as it is moved out of the die.
- Check the neck tension to ensure it meets specifications for safe usage.
- If necessary, replace the expander and ejector pin using the provided article numbers for easy reordering.

3. PostUsage Care:

- Clean the die after each use to remove any debris.
- Store the die in its original packaging or a designated case to protect it from damage.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check with local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the TRIEBEL Full Length Die 3006 Springfield, please refer to the product manual for further instructions and assistance. Ensure to check for recall updates on the EU's Safety Gate platform for the latest safety information.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety.
