CALDWELL EMAX LithiumIon Battery Safety Instruction Guide

Introduction

Thank you for choosing the CALDWELL EMAX LithiumIon Battery. This guide provides important safety instructions and guidelines to ensure the safe use of your battery with Caldwell EMAX Pro hearing protection. Please read this guide carefully before using the product.

General Safety Guidelines

- Always use the battery as directed in this manual.
- Keep the battery out of reach of children.
- Do not expose the battery to extreme temperatures or direct sunlight.
- Avoid contact with moisture or liquids.
- Do not attempt to disassemble or modify the battery.
- Use only the provided micro USB cable for charging.
- Regularly inspect the battery for any signs of damage before use.
- In case of any abnormalities, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

• Charging Precautions:

- Ensure the battery is charged in a wellventilated area.
- Do not leave the battery unattended while charging.
- Disconnect the charger once the battery is fully charged to prevent overcharging.

• Usage Precautions:

- Only use the battery with Caldwell EMAX Pro hearing protection.
- Do not use the battery if it appears swollen, leaking, or damaged.
- Avoid using the battery in environments with high humidity or water exposure.

• Storage Precautions:

- Store the battery in a cool, dry place when not in use.
- Avoid storing the battery in locations with extreme temperatures.

Instructions for Installation and Usage

1. Installation:

- Ensure the hearing protection device is turned off.
- Locate the battery compartment of the Caldwell EMAX Pro hearing protection.
- Insert the CALDWELL EMAX LithiumIon Battery into the compartment, ensuring proper orientation as indicated.
- Close the battery compartment securely.

2. Charging:

- Connect the micro USB cable to the battery and the other end to a suitable USB power source.
- The LED charge indicator will illuminate to indicate charging status.

- Once fully charged, the LED will turn off. Disconnect the charger.

3. Usage:

- Turn on the Caldwell EMAX Pro hearing protection device to use with the battery installed.
- Monitor the battery runtime; the battery provides up to 16 hours of use.
- If the device does not power on or performs poorly, check the battery installation and charge level.

Disposal Instructions

- Do not dispose of the battery in household waste.
- Follow local regulations for battery disposal.
- Consider recycling options available in your area for lithiumion batteries.
- If unsure, contact local waste management authorities for guidance.

Contact Information for Further Support

For any questions or concerns regarding the CALDWELL EMAX LithiumIon Battery, please refer to the product packaging or visit the manufacturer's website for additional support and resources.

Thank you for following these safety instructions. Your safety and satisfaction are important to us!
