

Powder funnel for Dillon powder measure - 9 mm

[Reloading](#) > [Powder Handling](#)

Powder Funnel for activating the Dillon automatic powder system.

An **essential component** for reloading 9 mm family of calibers with **any bullet-feeder system** with your Dillon powder measure.

It prepares the brass correctly so that the bullet can be seated in the case, and not tip over as you index the shell plate.

The tip of the funnel features a slightly oversized ring for smoother operation and less case shaking.

It allows for just the right amount of expansion, without over flaring or stressing your brass.

Surface is phosphatized for toughness and abrasion resistance.

It's compatible with Dillon Powder measure only.

Safety Instruction Guide for ARMANOV Powder Funnel for Dillon Powder Measure

Introduction

Thank you for choosing the ARMANOV Powder Funnel for Dillon Powder Measure. This guide provides essential safety instructions and usage guidelines to ensure your safe and effective experience while using this product. Please read the following information carefully before use.

General Safety Guidelines

- Ensure that you use the product only for its intended purpose, which is to aid in reloading 9 mm calibers with a Dillon powder measure.
- Always follow the manufacturer's instructions when setting up and using the powder funnel.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Regularly inspect the powder funnel for any signs of damage or wear. Do not use if damaged.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the powder funnel only with Dillon powder measures. It is not compatible with other brands.
- Ensure that the brass is correctly prepared before using the funnel to prevent misalignment and spills.
- Do not apply excessive force when inserting or removing the funnel from the powder measure.
- Always work in a wellventilated area to avoid inhalation of any powder particles.
- Wear safety glasses to protect your eyes from any accidental spills or debris.
- Avoid using the funnel if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Installation:

- Ensure that the Dillon powder measure is powered off and empty before installation.
- Align the funnel's base with the opening of the powder measure.
- Gently press the funnel into place until it fits securely.

2. Usage:

- Place the brass case under the funnel before activating the Dillon powder system.
- Activate the powder measure to dispense the powder into the brass case.
- Monitor the funnel and case to ensure that the powder flows smoothly without spills.
- After usage, remove the funnel by gently pulling it out of the powder measure.

Disposal Instructions

- Dispose of the powder funnel in accordance with local regulations regarding plastic waste.
- If the funnel is damaged or no longer usable, consider recycling it if possible.
- Do not dispose of the funnel in regular household waste if it contains any remnants of powder.

Contact Information for Further Support

For any questions or concerns regarding the ARMANOV Powder Funnel for Dillon Powder Measure, please consult the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using your ARMANOV Powder Funnel for Dillon Powder Measure responsibly.
