

# Gauge box with Flip Cover - 100 rnd. - 9x19 - Black

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

## Armanov 100 round Ammo Checker with Flip Cover is the shooting sports favourite reloading companion!

Since most malfunctions are ammo related, and most of those relate to deformed, bulging or otherwise defective brass - dropping the ammo into a gauge is an effective way to reduce the chance of a costly malfunction.

A lot of sports shooters reload their ammo, and so checking your ammo for consistency is a must, especially for competition.

Armanov Ammo Checker is machined from highest grade aluminium, with pockets finished using a special reamer made to tight CIP tolerances specification.

The height of the Gauge Box is precisely machined to the maximum overall round length of the respective caliber and this feature helps finding rounds with insufficiently seated bullets.

AVAILABLE

### Improved Design!

New extra feature is the bottom caved level design, made for faster and simpler ejection out of the gauge box and into a container.

Because we know your fingers don't fit.

### Available in calibers:

- 9x19
- 9x21
- .38 Super Comp / .Super Auto
- .40 S&W
- 10 mm Auto
- .45 ACP
- .357 Mag / .38 Special

The 100 pockets allow you to drop the rounds in a lot faster than into a single or 20 gauge boxes, cutting your testing time down to less than quarter of the time!

Gauge comes with free flip cover so you just flip your rounds to ammo boxes. No more double work.

With this tool you can test 100 rounds in almost the same time as it takes you to put the rounds in a case box.

This gauge box works best with MTM case guard boxes or Dillon precision ammo boxes for some models.

### What comes in the box?

This product includes precision aluminium Ammo checker block and aluminium Flip cover.

Any other product which may appear on any photo or video on this page (such as OAL Uniformer, marking stencil, MTM ammo box or any other) is **not included**.

# Safety Instruction Guide for ARMANOV Gauge Box with Flip Cover

## Introduction

Thank you for purchasing the ARMANOV Gauge Box with Flip Cover. This product is designed to assist you in checking the consistency of your ammunition, ensuring a safer and more efficient reloading experience. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the gauge box.
- Ensure that the gauge box is used in a safe environment, away from children and unauthorized users.
- Regularly inspect the gauge box for any signs of damage or wear. If damaged, discontinue use immediately.
- Do not use the gauge box for purposes other than intended.
- Store the gauge box in a cool, dry place when not in use.
- Report any unsafe conditions or product failures to the appropriate authorities.

## Specific Safety Precautions for Use

- Always handle ammunition with care to prevent accidents.
- Ensure that your hands are clean and dry before using the gauge box.
- Do not overload the gauge box beyond its capacity of 100 rounds.
- Avoid using the gauge box with damaged or deformed ammunition.
- Use the gauge box only with compatible calibers as specified (9x19, .38 Super Comp, .40 S&W, 10 mm Auto, .45 ACP, .357 Mag / .38 Special).
- If you experience any malfunctions while using the gauge box, cease use immediately and consult the manufacturer.

## Instructions for Installation and Usage

1. **Setup:** Place the gauge box on a stable, flat surface.
2. **Loading Ammunition:**
  - Open the flip cover of the gauge box.
  - Carefully drop the rounds into the designated pockets of the gauge box.
  - Ensure that the rounds are seated properly in their respective pockets.
3. **Checking Ammunition:**
  - Inspect each round for consistency and proper seating.
  - If a round does not fit properly, remove it and check for defects before reloading.
4. **Ejecting Ammunition:**
  - To remove the rounds, simply tilt the gauge box to allow the rounds to slide out into a container.
  - The bottom caved level design facilitates easier ejection.
5. **Cleaning and Maintenance:**
  - Wipe the gauge box with a clean, dry cloth after use.
  - Store the gauge box with the flip cover closed to protect it from dust and debris.

## Disposal Instructions

- Dispose of the gauge box according to local regulations.
- Do not dispose of the gauge box in regular household waste if it is damaged or no longer functional.
- Consider recycling the aluminum material if possible.

## **Contact Information for Further Support**

For any safety inquiries or support related to the ARMANOV Gauge Box with Flip Cover, please refer to the manufacturer's contact information available on the packaging or the official website.

By following these safety instructions, you can ensure a safe and effective experience with your ARMANOV Gauge Box with Flip Cover. Thank you for your attention to safety, and enjoy your shooting sports activities!
