

Gauge box with Flip Cover - 100 rnd. - .357 Mag / .38 Special

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Armanov 100 round Ammo Checker with Flip Cover is the shooting sports favourite reloading companion!

Since most malfunctions are ammo related, and most of those relate to deformed, bulging or otherwise defective brass - dropping the ammo into a gauge is an effective way to reduce the chance of a costly malfunction.

A lot of sports shooters reload their ammo, and so checking your ammo for consistency is a must, especially for competition.

Armanov Ammo Checker is machined from highest grade aluminium, with pockets finished using a special reamer made to tight CIP tolerances specification.

The height of the Gauge Box is precisely machined to the maximum overall round length of the respective caliber and this feature helps finding rounds with insufficiently seated bullets.

Improved Design!

New extra feature is the bottom caved level design, made for faster and simpler ejection out of the gauge box and into a container.

Because we know your fingers don't fit.

Available in calibers:

- 9x19
- 9x21
- .38 Super Comp / .Super Auto
- .40 S&W
- 10 mm Auto
- .45 ACP
- .357 Mag / .38 Special

The 100 pockets allow you to drop the rounds in a lot faster than into a single or 20 gauge boxes, cutting your testing time down to less than quarter of the time!

Gauge comes with free flip cover so you just flip your rounds to ammo boxes. No more double work.

With this tool you can test 100 rounds in almost the same time as it takes you to put the rounds in a case box.

This gauge box works best with MTM case guard boxes or Dillon precision ammo boxes for some models.

What comes in the box?

This product includes precision aluminium Ammo checker block and aluminium Flip cover.

Any other product which may appear on any photo or video on this page (such as OAL Uniformer, marking stencil, MTM ammo box or any other) is **not included**.

Armanov Gauge Box with Flip Cover Safety Instructions

Introduction

Thank you for choosing the Armanov Gauge Box with Flip Cover. This product is designed to enhance your shooting experience by ensuring the consistency and safety of your ammunition. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure that the Gauge Box is used only for its intended purpose: checking the dimensions and consistency of .357 Magnum and .38 Special ammunition.
- Always handle ammunition with care and in accordance with local laws and regulations.
- Keep the Gauge Box out of reach of children and vulnerable individuals.
- Regularly inspect the Gauge Box for any signs of wear or damage before use.
- If any part of the Gauge Box is damaged or malfunctioning, discontinue use immediately and contact the manufacturer for guidance.

Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the capacity of 100 rounds. Overloading may cause the Gauge Box to malfunction.
- **Use in a Safe Environment:** Always use the Gauge Box in a controlled environment away from distractions and potential hazards.
- **Avoid Moisture:** Keep the Gauge Box dry and away from moisture to prevent corrosion of the aluminum material.
- **Proper Handling:** When using the Gauge Box, ensure that your fingers are clear of the ejection area to avoid injury.
- **Check for Obstructions:** Before using the Gauge Box, make sure that the pockets are clear of debris or foreign objects.

Instructions for Installation and Usage

1. Setup:

- Place the Gauge Box on a stable surface.
- Ensure that the Flip Cover is securely attached before use.

2. Loading Ammunition:

- Drop the rounds into the Gauge Box pockets one at a time.
- Ensure that the rounds are seated properly and are not deformed.

3. Testing Rounds:

- After loading, inspect each round visually for any defects.
- If a round does not fit properly, remove it and check for deformities or damage.

4. Ejecting Rounds:

- To eject the rounds, simply flip the Gauge Box cover open.

- Allow the rounds to fall into your chosen container without forcing them.

5. Cleaning and Maintenance:

- Clean the Gauge Box with a soft, dry cloth after each use.
- Avoid using harsh chemicals or abrasive materials that may damage the aluminum finish.

Disposal Instructions

- Dispose of the Gauge Box responsibly at the end of its life cycle.
- Check local regulations for the proper disposal of aluminum products.
- Do not dispose of the Gauge Box in regular household waste.

Contact Information for Further Support

For any inquiries related to safety or product concerns, please refer to the manufacturer's website or customer support resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your Armanov Gauge Box with Flip Cover. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
