

## Rails - 20 MOA - CZ 527

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 20 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# MDT Rails 20 MOA CZ 527 Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Scope Base Picatinny Rails for your CZ 527 bolt action rifle. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this manual carefully before installation and use.

## General Safety Guidelines

- Ensure the product is suitable for your specific rifle model before use.
- Always follow the manufacturer's instructions for installation and usage.
- Inspect the product for any damage or defects before installation.
- Use only compatible optics with the Picatinny rail.
- Store the product in a safe, dry place when not in use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended weight limit for optics mounted on the rail.
- Ensure that the rail is securely fastened to prevent any movement during use.
- Avoid using the product in extreme weather conditions that may affect its performance.
- Regularly check the tightness of the screws and mounting points.
- If you notice any unusual wear or damage, discontinue use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools for installation, including a torque wrench.
- Ensure that your rifle is unloaded and in a safe condition before beginning installation.

### 2. Installation Steps

- Align the Picatinny rail with the mounting points on your CZ 527 receiver.
- Use the provided screws to attach the rail to the receiver. Ensure that the screws are tightened to the manufacturer's specifications.
- If applicable, ensure that the recoil lug is properly positioned within the underside rail profile.

### 3. Mounting Your Optics

- Select the appropriate mounting rings for your optics.
- Place the optics onto the rail and secure them using the mounting rings.
- Adjust the optics to your preferred position and ensure they are tightly secured.

### 4. Final Inspection

- Once installed, visually inspect the rail and optics to ensure everything is secure.
- Perform a function check to ensure the rail does not interfere with the operation of the rifle.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal recycling.
- Do not dispose of the product in household waste.
- Ensure that any packaging materials are also disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries or support regarding the MDT Scope Base Picatinny Rails, please contact your local dealer or the manufacturer directly. Ensure you have your product details ready when seeking assistance.

By following these guidelines and instructions, you can ensure the safe and effective use of your MDT Scope Base Picatinny Rails for your CZ 527 rifle. Thank you for prioritizing safety!
