

# Rails Howa - MDT - Rails - 30 MOA - Howa 1500 SA

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# MDT Rails Howa MDT Rails 30 MOA Howa 1500 SA Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Rails Howa MDT Rails 30 MOA for your Howa 1500 SA rifle. This product is designed to provide a reliable and precise mounting solution for your scope. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always ensure that the product is installed correctly and securely before use.
- Inspect the product regularly for any signs of wear or damage.
- Use the product only for its intended purpose, which is to mount a scope on a bolt action rifle.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before installing or adjusting the scope.
- Use appropriate tools and follow installation instructions carefully to avoid damaging the product or the rifle.
- Do not exceed the recommended weight limit for scopes when using this mounting system.
- Be aware of the recoil and ensure that the rail is securely mounted to prevent any accidents during firing.
- If you experience any issues with the product, cease use immediately and consult a professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screwdrivers.
- Ensure that the rifle is unloaded and pointed in a safe direction.

### 2. Installation:

- Align the MDT Rails with the mounting points on the receiver of your Howa 1500 SA rifle.
- Securely attach the rail using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Use a torque wrench to ensure that the screws are tightened evenly and securely.

### 3. Scope Mounting:

- Attach your scope to the rail according to the scope manufacturer's instructions.
- Ensure that the scope is level and properly aligned for optimal accuracy.

### 4. Final Check:

- After installation, perform a final inspection to ensure that all components are secure.
- Test the setup by gently applying pressure to the scope to confirm its stability.

### 5. Usage:

- When using the rifle, maintain proper shooting practices and ensure that the area is safe.
- Regularly check the rail and scope for any signs of loosening or damage after use.

## **Disposal Instructions**

- Dispose of the product responsibly at a designated recycling facility or according to local regulations.
- Do not dispose of the product in regular household waste.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Rails Howa MDT Rails 30 MOA, please refer to the manufacturer's contact information provided with your product packaging. For safety inquiries, you may also contact the relevant EU consumer safety authorities.

Thank you for your attention to these safety guidelines. Enjoy your shooting experience with the MDT Rails Howa MDT Rails 30 MOA!
