

# Rails - 20 MOA - WINCHESTER XPR SA

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# MDT Rails 20 MOA WINCHESTER XPR SA Safety Instructions

## Introduction

Thank you for choosing the MDT Scope Base Picatinny Rails for your Winchester XPR bolt action rifle. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your product. Please read this manual thoroughly before installation and usage.

## General Safety Guidelines

- Ensure the product is suitable for your specific rifle model before installation.
- Always follow the manufacturer's instructions for mounting and usage.
- Regularly inspect the product for any signs of wear or damage.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about any recalls or safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure that the rifle is unloaded before beginning installation.
- Handle the product carefully to avoid injury from sharp edges.
- Use appropriate tools and equipment during installation to prevent accidents.
- Do not exceed the recommended weight limit for accessories mounted on the rails.
- Ensure that the rail is securely mounted before use to prevent detachment during operation.
- Be aware of the 30 MOA incline when adjusting your scope to avoid misalignment.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench and appropriate screws.
- Ensure your workspace is clean and free of distractions.

### 2. Installation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Align the MDT Scope Base Picatinny Rail with the mounting points on your Winchester XPR receiver.
- Secure the rail using the provided screws, ensuring they are tightened to the manufacturer's specifications.
- Check that the rail is flush against the receiver and that there are no gaps.

### 3. Usage:

- Mount your scope onto the Picatinny rail according to the scope manufacturer's instructions.
- Make necessary adjustments to the scope elevation and windage, considering the 30 MOA incline.
- Always doublecheck the security of the scope and rail before use.
- Regularly check the tightness of the screws and the condition of the rail during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for aluminum and metal waste.
- Do not dispose of the product in household waste. Check for recycling options in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT Scope Base Picatinny Rails, please refer to the manufacturer's official website or contact their customer service for assistance. It is important to have access to appropriate support for safety inquiries.

Thank you for your attention to these safety instructions. Enjoy your shooting experience with confidence!
