

## Rails - Savage MK2 - MDT - Rails - 30 MOA - Savage MK2

[Rifle Parts](#) > [Forend & Handguard Parts](#) > [Handguard & Rail Accessories](#) > [Accessory Rails](#)

MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope\*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

# Safety Instruction Guide for MDT Rails Savage MK2

## Introduction

Thank you for choosing the MDT Rails Savage MK2. This guide provides essential safety instructions, installation guidelines, and proper usage information to ensure a safe and effective experience with your product. It is important to follow these instructions carefully to avoid hazards and ensure optimal performance.

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is compatible with your specific rifle model.
- Inspect the product for any damage or defects before installation and use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before attempting to install the scope base rail.
- Use appropriate tools for installation to avoid damaging the product or the rifle.
- Do not exceed the manufacturer's recommended torque specifications when securing the rail.
- Avoid using the product in extreme environmental conditions that may affect its performance.
- Be cautious of sharp edges during installation to prevent injury.
- Always verify that the rail is securely mounted before using the rifle.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools, including a torque wrench, screwdrivers, and any additional mounting hardware.
- Ensure your work area is clean and welllit.

### 2. Installation Steps:

- **Step 1:** Ensure the rifle is unloaded and safe to handle.
- **Step 2:** Remove any existing scope mounts or rails from the receiver.
- **Step 3:** Align the MDT Rails Savage MK2 with the mounting holes on the receiver.
- **Step 4:** Insert screws into the mounting holes and handtighten them.
- **Step 5:** Using a torque wrench, tighten the screws to the manufacturer's specified torque settings.
- **Step 6:** Check the alignment of the rail and ensure it is flush against the receiver.
- **Step 7:** Attach your scope to the rail according to the scope manufacturer's instructions.

### 3. Usage:

- Once installed, verify that the scope is securely mounted and adjust it according to your shooting preferences.
- Regularly inspect the rail and scope for any signs of wear or loosening during use.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations regarding aluminum and metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website for further assistance.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT Rails Savage MK2. Thank you for your attention to these important safety measures.
