

Chassis - XRS - Remington700 - LA - RH - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The XRS Chassis is designed for shooters that want the fit and feel of a traditional shaped rifle stock with the benefits of a modern precision rifle chassis system. Each XRS Chassis is constructed from a full-length CNC machined core of 6061 aircraft grade aluminum wearing high strength textured polymer panels for insulation from the elements. The precision aluminum V-block bedding system ensures fit and function to maximize the accuracy of any rifle action. The XRS Chassis features a replaceable over molded and textured grip system, with both an angled grip and a vertical grip included in box.

MDT Chassis XRS Remington700 LA Safety Instruction Guide

Introduction

Thank you for choosing the MDT Chassis XRS Remington700 LA. This product is designed to enhance your shooting experience while ensuring safety and performance. Please read this safety instruction guide carefully to understand how to use the chassis safely and effectively.

General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before attaching or detaching the chassis.
- Store the chassis and firearm in a secure location, away from unauthorized access.
- Always follow local laws and regulations regarding firearm ownership and use.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the chassis is compatible with your Remington 700 rifle model.
- Use only approved accessories and components designed for the MDT Chassis system.
- Be cautious when adjusting the grip system to avoid pinching fingers.
- Do not exceed the manufacturer's specified weight limits for accessories attached to the chassis.
- Avoid exposing the chassis to extreme temperatures or harsh chemicals.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.

Instructions for Installation and Usage

1. Installation of the Chassis:

- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the Remington 700 rifle.
- Align the rifle action with the Vblock bedding system of the chassis.
- Secure the action using the provided screws, ensuring a snug fit.
- Attach any additional components, such as the grip system, as per the manufacturer's instructions.

2. Adjusting the Grip System:

- Choose between the angled grip and vertical grip included in the box.
- Remove the existing grip by unscrewing it from the chassis.
- Install the desired grip by aligning it with the mounting point and securing it with screws.
- Ensure that the grip is tightly secured before use.

3. Maintenance:

- Regularly clean the chassis using a soft cloth to remove dirt and debris.
- Inspect the polymer panels for signs of wear and replace if necessary.
- Check the screws and fittings for tightness before each use.

Disposal Instructions

- Dispose of the chassis and any components in accordance with local regulations.
- Do not dispose of the chassis in household waste. Instead, take it to a designated recycling facility.
- Ensure that all components are rendered unusable before disposal to prevent misuse.

Contact Information for Further Support

For any inquiries or further assistance regarding the MDT Chassis XRS Remington700 LA, please refer to your retailer or the manufacturer's website for support. Always ensure that you have the product details at hand when seeking assistance.

Thank you for prioritizing safety while using the MDT Chassis XRS Remington700 LA. Enjoy your shooting experience!
