

# AR15 - Single-Stage Adaptable Black Pro Curved

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The TriggerTech AR15 Single-Stage drop-in AR trigger provides a true zero-creep break, extremely short overtravel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments.

Utilizing CLKR Technology™, the pull weight is quickly and confidently be adjusted in 2oz increments from a set screw with the trigger installed.

Due to there being truly zero creep, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight.

Changing the triggers pull weight does not affect hammer force so you get dependable primer strikes at every weight. Zero Creep Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life.

As Zero Creep Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots than you ever thought possible.

All pull weights and measurements are approximate.

The installation guide is directed to experienced professional gunsmiths who understand the workings of their AR rifle and know how to fully detail strip the lower receiver. If you do not have these skills, we strongly suggest you retain the services of a competent professional gunsmith to install your trigger, and perform all important safety checks.

# Safety Instruction Guide for the AR15 SingleStage Adaptable Trigger

## Introduction

Thank you for choosing the TriggerTech AR15 SingleStage Adaptable Trigger. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your new trigger. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure that you are familiar with the operation of your AR rifle before installing the TriggerTech AR15 trigger.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Store your firearm and trigger in a secure place, away from children and unauthorized users.
- Regularly inspect your firearm and trigger for any signs of wear or damage.
- Always follow local laws and regulations regarding firearms and their accessories.

## Specific Safety Precautions for Use

- Use only the recommended tools and equipment when installing the trigger.
- Do not attempt to modify or disassemble the trigger beyond the installation instructions provided.
- Always perform a safety check after installation to ensure proper function.
- Avoid using the trigger in extreme conditions without proper maintenance.
- Be aware of your surroundings and ensure a safe shooting environment at all times.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools: a set screw driver and a torque wrench.

#### 2. Installation Steps:

- Remove the existing trigger from your AR rifle by following the manufacturer's instructions for your specific model.
- Carefully install the TriggerTech AR15 trigger into the lower receiver.
- Adjust the pull weight using the set screw, ensuring it is secure but not overly tightened.
- Perform a function check to ensure the trigger operates correctly.

#### 3. Function Check:

- With the firearm pointed in a safe direction, pull the trigger to ensure it functions as intended.
- Check for any unusual sounds or resistance during the pull.

### Usage

- Ensure that you are familiar with the trigger pull weight and adjust as necessary for your comfort and shooting style.
- Always maintain a proper grip on your firearm and keep your finger off the trigger until ready to shoot.
- Be mindful of the trigger's short overtravel and zero creep features, which may differ from traditional

triggers.

## **Disposal Instructions**

- Dispose of the trigger in accordance with local regulations and guidelines for electronic waste.
- Do not dispose of the trigger in regular household waste.
