Oryx Buttstock Adjustment Knobs

Introducing the Oryx Buttstock Adjustment Knobs, the ultimate solution for toolless adjustment of the buttstock cheek riser height on your precision rifle. Say goodbye to the hassle of needing tools to make adjustments, and enjoy the ease and convenience of this innovative product.

Sharing your rifle with other shooters or adding layers of clothing during the winter is no longer a problem. With the Oryx Buttstock Adjustment Knobs, you can easily adjust the cheek riser height to fit your needs. Additionally, taking out the bolt for cleaning or bore sighting a scope has never been easier.

This product is not only convenient but also affordable, making it a must-have for any precision rifle enthusiast. In particular, if you own a Savage Mk II .22LR, you will greatly benefit from the Oryx Buttstock Adjustment Knobs as the low placement of the action in the chassis can make bolt removal for cleaning difficult.

Don't let the inconvenience of traditional adjustment methods hold you back. Upgrade your precision rifle buttstock with the Oryx Buttstock Adjustment Knobs and experience the ultimate ease and convenience of toolless adjustments. Order now and take your shooting to the next level!

Oryx Buttstock Adjustment Knobs Safety Instructions

Introduction

Thank you for choosing the Oryx Buttstock Adjustment Knobs. This product is designed to enhance your shooting experience by providing a toolless solution for adjusting the buttstock cheek riser height on your precision rifle. To ensure your safety and the optimal performance of this product, please read this safety instruction guide carefully before use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in this guide.
- Regularly inspect the adjustment knobs for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Always handle firearms safely and responsibly, following all applicable laws and regulations.
- If you experience any issues with the product, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

- Before adjusting the cheek riser height, ensure that the rifle is unloaded and pointed in a safe direction.
- Do not force the adjustment knobs if they are difficult to turn; check for obstructions or damage.
- Avoid using excessive force when making adjustments to prevent damage to the product or your rifle.
- Be cautious when sharing your rifle with others; ensure they understand how to use the adjustment knobs safely.
- Always verify the adjustment after making changes to ensure proper fit and comfort.

Instructions for Installation and Usage

1. Installation:

- Ensure the rifle is unloaded and pointed in a safe direction.
- Locate the cheek riser adjustment mechanism on your rifle's buttstock.
- Align the Oryx Buttstock Adjustment Knobs with the adjustment mechanism.
- Firmly attach the knobs according to the manufacturer's instructions, ensuring they are secure.

2. Usage:

- To adjust the cheek riser height, simply turn the adjustment knobs clockwise to raise and counterclockwise to lower.
- Make small adjustments to find your preferred height, and check the fit before proceeding to shoot.
- After adjustments, ensure that the knobs are tightly secured to prevent any movement during use.

Disposal Instructions

- Dispose of the Oryx Buttstock Adjustment Knobs in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries or concerns regarding the Oryx Buttstock Adjustment Knobs, please refer to the

manufacturer's contact information provided with the product packaging.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the Oryx Buttstock Adjustment Knobs!
