

AR-15 End Plate with two-sided Sling Adapter

[Shooting Accessories](#) > [Slings & Sling Swivels](#) > [Tactical Sling Mounts](#)

Made of steel, the German Tactical Systems AR-15 End Plate with two-sided Sling Adapter is a reliable replacement for the factory receiver plate. It is designed specifically for ARs with an M4 folding stock, making it an ideal accessory for any shooter.

Our AR-15 End Plate with two-sided Sling Adapter allows them to switch the sling from one side of the receiver to the other for maximum flexibility and ease of use. This feature makes it an ideal accessory for both left and right handed users.

Our product fits all standard AR15 cases, making it a versatile accessory that can be used with a wide variety of rifles. The ambidextrous mounting design includes loops for left or right sling mounting with hook attachment.

AR15 End Plate with TwoSided Sling Adapter

Safety Instructions

Introduction

Thank you for choosing the AR15 End Plate with TwoSided Sling Adapter from German Tactical Systems. This product is designed to enhance the functionality of your AR15 rifle by providing a reliable and versatile sling mounting solution. To ensure your safety and the proper use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always handle firearms and accessories with care.
- Ensure that the AR15 End Plate is installed correctly to avoid any accidents.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for signs of wear or damage.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls or safety notices through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the rifle is unloaded before installing or adjusting the sling.
- Use only compatible slings with the twosided adapter to avoid failure.
- Do not exceed the weight limit specified by your sling manufacturer.
- Avoid using the sling in extreme weather conditions that may affect its integrity.
- Be cautious when switching the sling from one side to the other; ensure the area is clear of obstructions.

Instructions for Installation and Usage

Installation

1. **Unloading:** Ensure that your rifle is completely unloaded and pointed in a safe direction.
2. **Remove Factory Receiver Plate:** Use the appropriate tools to remove the existing receiver plate from your AR15.
3. **Align the End Plate:** Position the AR15 End Plate with TwoSided Sling Adapter in place of the factory plate.
4. **Secure the End Plate:** Tighten the screws or bolts to secure the end plate firmly to the receiver. Ensure it is tightly fastened to prevent movement.
5. **Attach Sling:** Choose the desired side for sling attachment. Use the loops provided to securely attach your sling.

Usage

- To switch the sling from one side to the other, simply detach it from the current side and reattach it to the opposite loop.
- Ensure that the sling is properly secured before use.
- Regularly check the attachment points for wear or damage.

Disposal Instructions

When the AR15 End Plate with TwoSided Sling Adapter reaches the end of its life cycle, dispose of it responsibly. Follow local regulations for the disposal of metal products. Consider recycling the material where possible.

Contact Information for Further Support

For any inquiries or further assistance regarding the AR15 End Plate with TwoSided Sling Adapter, please consult the manufacturer's website or customer service.

Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation. Enjoy your shooting experience responsibly!
