Sold in a convenient 2-pack, each tray securely holds 50 cases, ensuring a snug fit that prevents wobbling and powder spillage. This precise case fit guarantees a stable platform for reloading, reducing the risk of errors and maintaining a clean workspace.

The trays are numbered, making it easy to identify the specific caliber. This numbering system enhances organization and streamlines the reloading process, saving valuable time and effort.

By purchasing the 2-pack, you can keep batches of brass separated during reloading. This separation minimizes the chance of mixing different batches, ensuring consistency and reliability in your ammunition.
