

Offset Attachment 30 Degree

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Flashlight Mounts](#)

One-Sided, 30-Degree Angle, 1.9" Length with 5 Slots. This 5-Slot, 30-Degree Angle Offset Rail Mount provides a more precise and accurate line of sight.

Constructed from durable, lightweight all-metal aluminum alloy with a matte black anodized finish. It fits perfectly on all 20mm Picatinny or Weaver rails and features a quick-release design for easy attachment.

This mount can be installed in any of eight different clock positions, ensuring a secure hold and optimal angle and drop point placement. Its snag-free profile and strategic accessory placement make it ideal for lasers, lights, and sights.

Offset Attachment 30 Degree Safety Instruction Guide

Introduction

Thank you for choosing the Offset Attachment 30 Degree. This guide provides essential safety instructions and guidelines to ensure safe and effective usage of the product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the Offset Attachment is used only for its intended purpose.
- Always inspect the product before each use for any signs of damage or wear.
- Keep the product out of reach of children and pets to prevent accidents.
- Use the product in welllit areas to maintain visibility and safety.
- Always follow local laws and regulations regarding the use of firearm accessories.

Specific Safety Precautions for Use

- Do not exceed the weight limit specified by the manufacturer for the attachment.
- Ensure that the attachment is securely mounted before use to prevent accidents.
- Avoid using the product in extreme conditions (e.g., heavy rain, snow, or extreme temperatures) unless specified by the manufacturer.
- Be cautious when attaching or detaching the product to avoid pinching fingers.
- If you experience any malfunction or unusual behavior, discontinue use immediately and consult a professional.

Instructions for Installation and Usage

Installation

1. **Select the Rail:** Choose a 20mm Picatinny or Weaver rail for mounting.
2. **Position the Mount:** Decide on the desired clock position for optimal angle and drop point placement.
3. **Secure the Attachment:**
 - Align the Offset Attachment with the rail.
 - Press down and slide the attachment into place.
 - Engage the quickrelease mechanism to secure the mount.
4. **Check Stability:** Ensure that the attachment is firmly in place before proceeding.

Usage

- Always ensure that your sight, laser, or light is properly calibrated after installation.
- Regularly check the attachment for tightness and stability during use.
- Remove the attachment when not in use to prevent wear and tear.

Disposal Instructions

- Dispose of the Offset Attachment in accordance with local regulations.
- Do not dispose of the product in household waste. Check for recycling programs that accept metal components.

Contact Information for Further Support

For any safety inquiries or concerns, please consult the manufacturer's website or contact your local distributor. Always keep this guide for reference.

Thank you for prioritizing safety while using the Offset Attachment 30 Degree.
