[Shooting Accessories](#) > [Range Gear](#) > [Range Bags](#)

The Inception + Helix 3500 combo is a premium, lightweight system designed for day packing out west and spike camp hunts. Weighing in at under 5-1/2 lbs., this system starts with the Inception carbon fiber frame and utilizes a quick-connect buckle system to attach the Helix 3500 frame bag. This interchangeability allows for use as a complete system or the capability to use the Inception as a standalone meat hauler. The durable 420D micro-ristop shell is water-repellent, puncture-resistant, and rip-proof and designed to be the perfect combo of stealth and durability. Utilizing YKK zippers and 150 lb. rated lightweight, heavy-duty buckles, this backpack system is built to withstand years of use and abuse. Designed with 4 sets of compression straps and 2 rows of Hypalon-reinforced cinched MOLLE, this bag is designed to carry all your essential clothing and gear. It even features 4 carry options for the DeathGrip tripod! The Helix 3500 features bottom-of-bag access for gear that has made its way down as you trek in. Included with the Helix 3500 is a removable 150D micro-ristop rain cover, and a detachable gun/bow/DeathGrip carry boot. All the capacity you need, all the included options you can imagine, all the value you expect from BOG.
