

Flash Bang Target Hit Indicator

[Shooting Accessories](#) > [Targets & Accessories](#) > [Target Accessories](#)

The Caldwell Flash Bang Target Hit Indicator brings new feedback to shooters when using steel targets. Flashing green LED lights are triggered by an impact on the target telling shooters of their hits at extremely long ranges where confirmed hits can be difficult. The self-contained unit features 10 ultra-bright green LED lights that are visible for thousands of yards, even in bright daylight conditions. Powered by 3 "AA" batteries (included), the Flash Bang has a battery life of over 30,000 impacts. The Flash Bang is compatible with targets over 5" and attaches easily with heavy-duty hook and loop material.

Flash Bang Target Hit Indicator Safety Instructions

Introduction

Thank you for choosing the Caldwell Flash Bang Target Hit Indicator. This product is designed to enhance your shooting experience by providing clear feedback on hits when using steel targets. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always follow local laws and regulations regarding shooting and the use of targets.
- Ensure you are using the Flash Bang Target Hit Indicator in a safe shooting environment.
- Regularly inspect the product for any damage or malfunction before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform for any safety notices related to this product.

Specific Safety Precautions for Use

- Do not use the Flash Bang Target Hit Indicator with ammunition that exceeds the target's rated capacity.
- Avoid shooting at the indicator directly; it is designed to detect hits on the target only.
- Ensure that the target is securely mounted and stable before shooting.
- Do not attempt to disassemble or modify the Flash Bang Target Hit Indicator.
- If the product is damaged or malfunctions, discontinue use immediately and contact the manufacturer for assistance.

Instructions for Installation and Usage

Installation

1. **Select a Suitable Target:** Ensure that the target is at least 5 inches in size and made of appropriate materials for shooting.
2. **Attach the Indicator:**
 - Use the heavyduty hook and loop material provided to securely attach the Flash Bang Target Hit Indicator to the target.
 - Ensure that the indicator is positioned where it can easily detect impacts.

Usage

1. **Powering the Device:**
 - Insert 3 AA batteries (included) into the Flash Bang Target Hit Indicator.
 - Ensure the battery compartment is securely closed.
2. **Shooting:**
 - Aim at the target and shoot as per your usual practice.
 - Observe the flashing green LED lights on the indicator to confirm hits.
3. **PostShooting:**
 - After shooting, inspect the target and indicator for any damage.
 - If the indicator is not functioning as expected, check the battery and connections.

Disposal Instructions

- Dispose of the Flash Bang Target Hit Indicator in accordance with local waste disposal regulations.

- Remove batteries and dispose of them separately at designated battery recycling locations.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's contact details provided with your product. Ensure you have the product details ready for a quicker response.

Thank you for following these safety instructions. Enjoy your shooting experience with the Caldwell Flash Bang Target Hit Indicator!
