

X-10 Replacement Parts - X-10 Spare Locator Buttons (Large - 8pk)

[Reloading](#) > [Reloading Presses](#)

For shooters that demand the utmost in performance and accuracy there is no substitute for producing your own ammunition. The Frankford Arsenal X-10 Small Swage-Prime Pin Assembly contains a small swage and prime pin, which are crucial parts of the X-10. Having an extra set on hand prevents downtime and provides peace of mind should the factory-installed units wear or get damaged.

X10 Replacement Parts Safety Instructions

Introduction

Thank you for choosing the X10 Replacement Parts X10 Spare Locator Buttons (Large 8pk). These components are designed to enhance the performance and accuracy of your shooting experience. Please read this safety instruction guide carefully to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage.
- In the event of a product malfunction or damage, cease use immediately and consult a professional.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

Specific Safety Precautions for Use

- Handle the X10 Spare Locator Buttons with care to avoid injury.
- Ensure that you are using the correct replacement parts for your specific model.
- Always wear appropriate protective gear when handling ammunition and related products.
- Do not attempt to modify or alter the product in any way; modifications can lead to unsafe conditions.
- Store the product in a cool, dry place to prevent deterioration.
- If you experience any abnormal functioning or issues, discontinue use and seek assistance.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and components before starting the installation process.
- Ensure that your work area is clean and welllit.

2. Installation:

- Remove any existing locator buttons from your device according to the manufacturer's instructions.
- Take the new X10 Spare Locator Buttons and align them properly with the designated slots.
- Press firmly until the buttons are securely in place.

3. Usage:

- Once installed, test the locator buttons to ensure they are functioning correctly.
- Follow any additional usage instructions provided by the manufacturer for optimal performance.

4. Maintenance:

- Regularly check the locator buttons for any signs of wear or damage.
- Clean the buttons with a soft, dry cloth to maintain their functionality.

Disposal Instructions

- Dispose of any damaged or wornout locator buttons responsibly.
- Follow local regulations regarding electronic waste and recycling.
- Do not dispose of the product in regular household waste; use designated recycling facilities.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the X10 Replacement Parts, please consult the manufacturer's customer service resources or your retailer for assistance.
