# Safety Instruction Guide for Tripod Spikes

## Introduction

Thank you for choosing the German Tactical Systems Tripod Spike Feet. These spikes are designed to enhance stability by providing extra grip when rubber feet are insufficient. It is essential to follow the safety guidelines outlined in this document to ensure safe usage and optimal performance of the product.

## General Safety Guidelines

- Always inspect the Tripod Spikes before use for any signs of damage or wear.
- Ensure that the spikes are securely attached to the tripod before use.
- Use the spikes only on stable and suitable ground surfaces to prevent accidents.
- Keep the spikes away from children and vulnerable individuals to avoid injury.
- Do not use the spikes in hazardous conditions, such as extreme weather or unstable terrain.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- When using the spikes, ensure that they are fully inserted into the ground to maximize stability.
- Avoid placing excessive weight on the tripod when using spikes on soft or loose surfaces.
- Do not attempt to remove the spikes while the tripod is in use, as this may cause instability.
- Be cautious of sharp edges on the spikes; handle them with care to prevent cuts or injuries.
- If using the spikes in a public area, be mindful of other individuals around you to prevent accidents.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the tripod is fully collapsed and stable before attaching the spikes.
- Align the UNC 3/8"16 threaded end of the spikes with the tripod foot.
- Screw the spikes into the tripod foot until securely fastened. Ensure they are tight but do not overtighten to avoid damage.

### 2. Usage:

- Position the tripod on a flat and stable surface.
- If using on soft ground, press down firmly to ensure the spikes penetrate the surface.
- Adjust the height and angle of the tripod as needed, ensuring that it remains stable.
- Always monitor the tripod during use, especially in windy conditions.

### 3. Removal:

- To remove the spikes, ensure the tripod is stable and not under load.
- Unscrew the spikes from the tripod foot by turning them counterclockwise.
- Store the spikes in a safe place after removal to prevent loss or damage.

## Disposal Instructions

- Dispose of the Tripod Spikes in accordance with local regulations.
- Do not dispose of the spikes in regular household waste if they are damaged or broken.
- Consider recycling materials where possible, following your local recycling guidelines.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to your local regulatory authority or the manufacturer's website.

By following these guidelines, you can ensure safe and effective use of your German Tactical Systems Tripod Spike Feet. Thank you for your attention to these safety instructions.
