

HYPER BRIGHT FIXED PISTOL STOEGER STR-9 - MEPRO HYPER-BRIGHT STOEGER STR-9-GREEN RING

Built upon decades of military innovation and service, Meprolight's tritium usage has remained the benchmark by which tritium illuminance has been measured. The Mepro HYPER-BRIGHT family of pistol sights are the standard by which all tritium pistol sights are measured. Meprolight utilizes a specially formulated manufacturing process giving you an industry-first brightness from broad daylight to no light and in everything in between.

The Mepro HYPER-BRIGHT fixed Day and Night Sights provide the most reliable illumination day or night. Mepro HYPER-BRIGHT fixed sights feature an extremely bright contrast colored ring for fast accurate target acquisition in the daytime. Both rear and front tritium sources will appear green during lowlight and no light scenarios providing the upmost confidence in their ability to make hits when it counts.

Premium Swiss-made tritium vials in the front and rear sights allow for low light and no light conditions. The U-notch on the rear sight naturally directs your eyes to the top of the front sight. Mepro HYPER-BRIGHT sight sets are engineered as a direct upgrade to your factory sights. They are designed to fit all holsters.

The Mepro HYPER-BRIGHT family is drop proof, shockproof, and built for endless abuse or anything you can throw at it. Their ultralight steel construction features a snag-free design making it easy to quickly draw your weapon. Knowing this gives confidence in any environment you may find yourself.

Lastly, our Mepro HYPER-BRIGHT sights require no batteries. They are always on, always ready, 24 hours a day, 7 days a week, 365 days a year. Tritium illuminance is guaranteed for 12 years. They are maintenance-free and can be installed directly with no modifications to your factory slide.

One final thought on the Mepro HYPER-BRIGHT family of sights... they are so bright it makes both eyes dominant.

HYPER BRIGHT FIXED PISTOL STOEGER STR9 MEPRO HYPERBRIGHT SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the Mepro HYPERBRIGHT Fixed Pistol Sight for your Stoeger STR9. This guide provides essential safety instructions, installation guidelines, and usage recommendations to ensure you can use your product safely and effectively. Please read this manual carefully before use.

General Safety Guidelines

- **Product Safety:** The Mepro HYPERBRIGHT sights are designed for safe use. Always ensure the product is installed and used according to the instructions provided.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to your product. Regularly check the EU Safety Gate platform for updates.
- **Online Shopping:** When purchasing online, ensure that the seller complies with EU safety regulations. Verify that the product is genuine and meets safety standards.
- **Special Consumer Focus:** Extra care should be taken if the product is used in the presence of vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Be aware that unsafe products can be reported and addressed quickly through the Safety Gate system.

Specific Safety Precautions for Use

- **Always ensure** the firearm is unloaded before installing or handling the sights.
- **Avoid using** the sights in extreme environmental conditions, such as heavy rain or extreme temperatures, which may affect performance.
- **Do not attempt** to modify or disassemble the sight. Doing so may void the warranty and compromise safety.
- **Ensure proper alignment** of the sights during installation to maintain accuracy.
- **Use only compatible firearms** as specified in the product description. Using the sights on incompatible models may result in malfunction or damage.
- **Regularly inspect** the sights for any signs of damage or wear. If any issues are detected, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

Installation Instructions

1. **Gather Necessary Tools:** You will need a suitable sight tool or screwdriver for installation.
2. **Unload Your Firearm:** Ensure your firearm is completely unloaded and pointed in a safe direction.
3. **Remove Existing Sights:** If applicable, carefully remove the existing sights from your Stoeger STR9.
4. **Align the Mepro HYPERBRIGHT Sights:** Position the front and rear sights in their respective slots on the firearm.
5. **Secure the Sights:** Use the sight tool or screwdriver to tighten the screws, ensuring the sights are firmly in place.
6. **Check for Alignment:** Confirm that the sights are properly aligned for accurate aiming.
7. **Test Functionality:** Before using, test the sights in a safe environment to ensure they function correctly.

Usage Instructions

- **Daytime Use:** The bright contrast colored ring allows for fast target acquisition. Ensure you are familiar with the sight picture.
- **Low Light Conditions:** The tritium sources will illuminate in low light and no light scenarios. Practice aiming in various lighting conditions to build confidence.
- **Regular Maintenance:** The Mepro HYPERBRIGHT sights are maintenancefree; however, regular checks are recommended to ensure they are in optimal condition.

Disposal Instructions

- **Environmental Considerations:** Dispose of the product in accordance with local regulations regarding electronic waste and materials.
- **Do not dispose** of the sights in regular household waste. Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Mepro HYPERBRIGHT sights, please refer to the designated EU contact point or your retailer for assistance. Always ensure that you have the product details ready when seeking support.

By following these guidelines, you can safely enjoy the benefits of your Mepro HYPERBRIGHT Fixed Pistol Sight. Thank you for your attention to safety and proper usage.
