

# HYPER BRIGHT FIXED PISTOL STOEGER STR-9 - MEPRO HYPER-BRIGHT STOEGER STR-9-ORANGE RING

Built upon decades of military innovation and service, Meprolight's tritium usage has remained the benchmark by which tritium illuminance has been measured. The Mepro HYPER-BRIGHT family of pistol sights are the standard by which all tritium pistol sights are measured. Meprolight utilizes a specially formulated manufacturing process giving you an industry-first brightness from broad daylight to no light and in everything in between.

The Mepro HYPER-BRIGHT fixed Day and Night Sights provide the most reliable illumination day or night. Mepro HYPER-BRIGHT fixed sights feature an extremely bright contrast colored ring for fast accurate target acquisition in the daytime. Both rear and front tritium sources will appear green during lowlight and no light scenarios providing the upmost confidence in their ability to make hits when it counts.

Premium Swiss-made tritium vials in the front and rear sights allow for low light and no light conditions. The U-notch on the rear sight naturally directs your eyes to the top of the front sight. Mepro HYPER-BRIGHT sight sets are engineered as a direct upgrade to your factory sights. They are designed to fit all holsters.

The Mepro HYPER-BRIGHT family is drop proof, shockproof, and built for endless abuse or anything you can throw at it. Their ultralight steel construction features a snag-free design making it easy to quickly draw your weapon. Knowing this gives confidence in any environment you may find yourself.

Lastly, our Mepro HYPER-BRIGHT sights require no batteries. They are always on, always ready, 24 hours a day, 7 days a week, 365 days a year. Tritium illuminance is guaranteed for 12 years. They are maintenance-free and can be installed directly with no modifications to your factory slide.

One final thought on the Mepro HYPER-BRIGHT family of sights... they are so bright it makes both eyes dominant.

# Safety Instruction Guide for Mepro HYPERBRIGHT Fixed Pistol Sight

## Introduction

Thank you for choosing the Mepro HYPERBRIGHT Fixed Pistol Sight. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new sight. Please read this document carefully before installation and use.

## General Safety Guidelines

- Ensure safe handling and use of the Mepro HYPERBRIGHT sights.
- The product is designed for use with the Stoeger STR9 pistol and should not be used with other models unless specified.
- Always treat your firearm with respect and follow all local laws and regulations regarding firearm safety.
- Be aware of your surroundings when using your firearm equipped with the Mepro HYPERBRIGHT sights.
- Regularly inspect your sights for any signs of damage or wear.

## Specific Safety Precautions for Use

- Always keep the firearm pointed in a safe direction when handling.
- Ensure the firearm is unloaded when installing or adjusting the sights.
- Do not attempt to modify the sights or your firearm in any way.
- Be cautious of lowlight conditions; while the sights enhance visibility, always confirm your target before shooting.
- Keep the sights clean and free from obstructions to ensure optimal performance.
- Store the firearm and sights in a secure location, out of reach of children and unauthorized users.

## Instructions for Installation and Usage

### Installation

1. Ensure the firearm is unloaded and pointed in a safe direction.
2. Remove the existing sights from the Stoeger STR9 according to the manufacturer's instructions.
3. Align the Mepro HYPERBRIGHT sights with the mounting points on the slide.
4. Securely fasten the sights in place, ensuring they are firmly attached.
5. Confirm that the sights are properly aligned and functioning before use.

### Usage

- The Mepro HYPERBRIGHT sights are designed for both day and night use.
- In daylight, the bright colored ring aids in rapid target acquisition.
- In lowlight conditions, the tritium sources will illuminate, providing visibility.
- Practice regularly to become familiar with the sight picture and improve accuracy.
- Always check the sights before use to ensure they are clean and free from damage.

## Disposal Instructions

- Dispose of the Mepro HYPERBRIGHT sights in accordance with local regulations regarding electronic waste and hazardous materials.
- Do not dispose of the sights in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods for tritium-containing products.

## Contact Information for Further Support

For inquiries regarding safety, product performance, or support, please refer to the manufacturer's contact details provided with your product packaging or visit the official website.

**Important Note:** Report any unsafe products or accidents related to the Mepro HYPERBRIGHT sights to the appropriate authorities. Stay informed about product recalls by checking the EU's Safety Gate platform regularly.
